ANNUAL MEETING OF STOCKHOLDERS

June 26, 2007

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of BankFinancial Corporation of proxies to be voted at the Annual Meeting of Stockholders (the "Annual Meeting") that will be held at the Holiday Inn Chicago – Willowbrook, 7800 Kingery Highway, Willowbrook, Illinois, on Tuesday, June 26, 2007, at 11:00 A.M., Chicago, Illinois Time, and any adjournments or postponements thereof.

This Proxy Statement and the accompanying Notice of Annual Meeting and proxy card are first being mailed to the stockholders of BankFinancial Corporation on or about May 24, 2007. Whether or not you plan to attend the Annual Meeting, please read this Proxy Statement, and then complete, date and sign your proxy card and return it to us in the accompanying envelope as promptly as possible. No postage is necessary if you mail it in the United States. You may also authorize the voting of your shares by proxy by following the Internet and telephone proxy authorization instructions appearing on the proxy card.

An Annual Report for the year ended December 31, 2006, which contains audited consolidated financial statements and other information pertaining to BankFinancial Corporation, accompanies this Proxy Statement.

The Company

BankFinancial Corporation, a Maryland corporation headquartered in Burr Ridge, Illinois, became the owner of all of the issued and outstanding capital stock of BankFinancial, F.S.B. (the "Bank") on June 23, 2005, when we consummated a plan of conversion and reorganization that the Bank and its predecessor holding companies, BankFinancial MHC, Inc. ("BankFinancial MHC") and BankFinancial Corporation, a federal corporation, adopted on August 25, 2004. BankFinancial Corporation, the Maryland corporation, was organized in 2004 to facilitate the mutual-to-stock conversion, and to become the holding company for the Bank upon the completion of the mutual-to-stock conversion.

BankFinancial Corporation, the Maryland corporation, did not engage in any business prior to, and the separate corporate existences of BankFinancial MHC and BankFinancial Corporation, the federal corporation, ceased upon, the completion of the mutual-to-stock conversion on June 23, 2005. Consequently, the words "Company," "we" and "our," as used in this Proxy Statement, are intended to refer to BankFinancial MHC, BankFinancial Corporation, the federal corporation, and their subsidiaries with respect to matters and time periods occurring on or before June 23, 2005, and to BankFinancial Corporation, the Maryland corporation, and its subsidiaries with respect to matters and time periods occurring after that date.

Why am I receiving this Proxy Statement and proxy card?

You are receiving this Proxy Statement and a proxy card from us because at the close of business on May 11, 2007, the record date for the Annual Meeting, you owned shares of the Company's common stock. This Proxy Statement describes the matters that will be presented for consideration by the Company's stockholders at the Annual Meeting. It also gives you information concerning the matters to be considered at the Annual Meeting to assist you in making an informed decision.

When you sign the enclosed proxy card, you appoint the proxy holder as your representative at the Annual Meeting. The proxy holder will vote your shares as you have instructed in the proxy card, thereby ensuring that your shares will be voted whether or not you attend the Annual Meeting. Even if you plan to attend the Annual Meeting, you should complete, sign and return your proxy card in advance of the Annual Meeting in case your plans change.

If you have signed and returned the proxy card and an issue comes up for a vote at the Annual Meeting that is not identified on the proxy card, the proxy holder will vote your shares, pursuant to your proxy, in accordance with his or her discretion.

What matters will be voted on at the Annual Meeting?

You are being asked to vote on the election of two directors of the Company and the ratification of the engagement of Crowe Chizek and Company LLC ("Crowe Chizek") as the independent registered public accounting firm of the Company for the year ending December 31, 2007. These matters are more fully described in this Proxy Statement.

How do I vote?

You may use the mail, the telephone or the Internet to authorize the voting of your shares by proxy, or you may vote your shares in person at the Annual Meeting.

To use the mail to authorize the voting of your shares by proxy, please complete and sign the enclosed proxy card and mail it back to us in the enclosed pre-addressed envelope. No postage is required if the envelope is mailed in the United States.

To use the telephone or the Internet to authorize the voting of your shares by proxy, please follow the instructions appearing on your proxy card.

To vote in person, you must come to the Annual Meeting. We will distribute written ballots to anyone who wants to vote at the Annual Meeting. Please note, however, that if your shares are held in the name of your broker (or in what is usually referred to as "street name"), you will need to arrange to obtain a proxy from your broker in order to vote in person at the Annual Meeting.

If you mark your proxy card to indicate how you want your shares voted, and you sign and return your proxy card in the manner provided in this Proxy Statement, your shares will be voted as you instruct. If you sign and return your proxy card, but do not mark the proxy card to provide voting instructions, the shares represented by your proxy card will be voted "FOR ALL" the director nominees named in this Proxy Statement and "FOR" the ratification of the engagement of Crowe Chizek.

What does it mean if I receive more than one proxy card?

It means that you have multiple holdings reflected in our stock transfer records and/or in accounts with stockbrokers. Please sign and return ALL proxy cards to ensure that all your shares are voted.

If I hold shares in the name of a broker, who votes my shares?

If you received this Proxy Statement from your broker, your broker should have given you instructions for directing how your broker should vote your shares. It will then be your broker's responsibility to vote your shares for you in the manner you direct.

Under the rules of various national and regional securities exchanges, brokers may generally vote on routine matters, such as the election of directors, but cannot vote on non-routine matters unless they have received voting instructions from the person for whom they are holding shares. If your broker does not receive instructions from you on how to vote particular shares on matters on which your broker does not have discretionary authority to vote, your broker will return the proxy card to us, indicating that he or she does not have the authority to vote on these matters. This is generally referred to as a "broker non-vote" and will affect the outcome of the voting as described below under "**How many votes are needed for each proposal?**" Therefore, we encourage you to provide directions to your broker as to how you want your shares voted on the matters to be brought before the Annual Meeting. You should do this by carefully following the instructions your broker gives you concerning its procedures so that your shares will be voted at the Annual Meeting.

What if I change my mind after I return my proxy card?

If you hold your shares in your own name, you may revoke your proxy and change your vote at any time before the polls close at the Annual Meeting. You may do this by:

- signing another proxy card with a later date and returning the new proxy card by mail to our stock transfer agent and registrar, Computershare Trust Company, Inc., or by sending it to us to the attention of the Secretary of the Company, provided that, in each case, the new proxy card is actually received by the Secretary before the polls close;
- sending notice addressed to the attention of our the Secretary of the Company that you are revoking your proxy, provided that the notice is actually received by the Secretary before the polls close;
- following the instructions for telephone or Internet voting appearing on your proxy card; or
- voting in person at the Annual Meeting in accordance with the established voting rules and procedures.

If you hold your shares in the name of a broker and desire to revoke your proxy, you will need to contact your broker to revoke your proxy.

Please mail any new proxy cards to Computershare Trust Company at P.O. Box 2702, Chicago, Illinois 60690. You may send the above notice or new proxy card to us as follows: BankFinancial Corporation, 15W060 North Frontage Road, Burr Ridge, Illinois 60527, Attention: James J. Brennan, Secretary.

How many votes do we need to hold the Annual Meeting?

A majority of the shares that are outstanding and entitled to vote as of the record date must be present in person or by proxy at the Annual Meeting in order to hold the Annual Meeting and conduct business. Abstentions and broker non-votes are considered present at the Annual Meeting and are counted in determining whether or not a quorum is present.

Shares are counted as present at the Annual Meeting if the stockholder either:

- is present and votes in person at the Annual Meeting; or
- has properly submitted a signed proxy form or other proxy.

At the close of business on May 11, 2007, the record date, there were 23,175,176 shares of the Company's common stock, par value \$0.01, issued and outstanding. Therefore, at least 11,587,589 shares need to be present at the Annual Meeting in person or by proxy in order to hold the Annual Meeting and conduct business.

What happens if a nominee is unable to stand for election?

The Board of Directors may, by resolution, provide for a lesser number of directors or designate a substitute nominee. In the latter case, shares represented by proxies may be voted for the substitute nominee designated by the Board of Directors. Proxies cannot be voted for more than two nominees. We have no reason to believe that any nominee will be unable to stand for election.

What options do I have in voting on each of the proposals?

You may mark the "FOR ALL" box on your proxy card to vote for all director nominees, mark the "FOR ALL EXCEPT" box on your proxy card to vote for all nominees other than any nominee that you specify on your proxy card, or mark the "WITHHOLD ALL" box to withhold your vote for all director nominees. You may mark either the "FOR," "AGAINST" or "ABSTAIN" box with respect to the ratification of the engagement of Crowe Chizek.

How many votes may I cast?

Generally, you are entitled to cast one vote for each share of stock you owned on the record date. The proxy card included with this Proxy Statement indicates the number of shares owned by an account attributable to you.

Are there any limits on the voting of shares?

As provided in Section F of Article 6 of the Company's Charter, record holders who beneficially own in excess of 10% of the outstanding shares of the Company's common stock are not entitled to vote any shares held in excess of this 10% limit. Subject to certain exceptions, a person is deemed to beneficially own shares owned by an affiliate of, as well as by persons acting in concert with, such person. The Board of Directors of the Company is authorized to construe and apply the provisions of Section F of Article 6 of the Charter, and to make all determinations it deems necessary or desirable to implement them, including determining the number of shares beneficially owned by any person and whether a person is an affiliate of or has an arrangement or agreement with another person, and to demand certain information from any person who is reasonably believed to beneficially own stock in excess of the 10% limit and reimbursement for all expenses incurred by the Company in connection with an investigation conducted by the Board of Directors pursuant to the provisions of Article 6, Section F of the Charter.

How many votes are needed for each proposal?

The two individuals receiving the highest number of votes cast "FOR" their election will be elected as directors of the Company. In order for the ratification of the engagement of Crowe Chizek as the independent registered public accounting firm of the Company for the year ending December 31, 2007 to be approved, the proposal must receive the affirmative vote of a majority of the votes cast at the Annual Meeting, in person or by proxy. Broker non-votes or proxies marked ABSTAIN will have no effect on the outcome of the election of directors or the ratification of the engagement of Crowe Chizek.

Each share of the Company's common stock is entitled to one vote on all matters submitted to the stockholders. Shares represented by broker non-votes and abstentions are considered present at the Annual Meeting for the purposes of determining whether or not a quorum is present, but are not considered votes cast.

Where do I find the voting results of the Annual Meeting?

We intend to announce voting results at the Annual Meeting or at any postponements or adjournments thereof. The voting results will also be disclosed in the Quarterly Report on Form 10-Q that we will file with the Securities and Exchange Commission for the quarter ending June 30, 2007.

Who bears the cost of soliciting proxies?

The Company will pay all costs of soliciting proxies. The Company has retained Georgeson Shareholder Communications, Inc. to assist with the solicitation of proxies for a fee of \$8,500, plus reimbursable out-of-pocket expenses and telephone solicitation fees. In addition, we may also use our officers and employees to solicit proxies either personally, or by telephone, e-mail, the Internet, letter or facsimile. These persons will not receive any special or additional compensation for soliciting proxies. We may reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to stockholders.

How does the Board recommend that I vote?

The Board of Directors recommends that you vote "FOR ALL" the director nominees and "FOR" the ratification of the engagement of Crowe Chizek.

**INFORMATION WITH RESPECT TO NOMINEES FOR DIRECTOR,
CONTINUING DIRECTORS AND EXECUTIVE OFFICERS**

The Charter of the Company fixes the initial number of directors at seven, and provides that the Board of Directors shall be divided into three classes. Our Bylaws establish the initial terms of office for each class of directors, and provide that, commencing with the 2006 annual meeting, directors are elected for a term of office that will expire at the third succeeding annual meeting of stockholders following their election, with each director to hold office until his or her successor is duly elected and qualifies.

At the Annual Meeting, the stockholders of the Company will be requested to elect one class of directors consisting of two directors. The Corporate Governance and Nominating Committee of the Board of Directors has recommended, and the Board of Directors has nominated, John M. Hausmann and Glen R. Wherfel, each of whom currently serves as a director of the Company and the Bank, for election as directors in this class of directors, for a term of office that will expire at our annual meeting of stockholders in 2010 and until their successors are duly elected and qualify.

The proxies solicited on behalf of the Board of Directors will be voted at the Annual Meeting FOR the election of the above two nominees as directors, provided that your proxy will not be voted in favor of any nominee for which your proxy vote has been withheld. If a nominee is unable or unwilling to stand for election at the time of the Annual Meeting, the shares represented by all such proxies will be voted for the election of such replacement nominee as the Board of Directors, acting on the recommendation of the Corporate Governance and Nominating Committee, may designate. At this time, the Board of Directors knows of no reason why any of the nominees might be unable or unwilling to stand for election as a director, or to serve as a director if elected.

The table below sets forth certain information, as of May 22, 2007, regarding the nominees and the continuing members of our Board of Directors, including their years of service, ages and terms of office. Except as indicated elsewhere in this Proxy Statement, there are no arrangements or understandings between any of the directors or nominees and any other person pursuant to which such directors or nominees were selected.

Section 16(a) Beneficial Ownership Reporting Compliance

Our executive officers and directors, and beneficial owners of greater than 10% of the outstanding shares of our common stock are required to file reports with the Securities and Exchange Commission disclosing beneficial ownership and changes in beneficial ownership of our common stock. Securities and Exchange Commission rules require disclosure if an executive officer, director or 10% beneficial owner fails to file these reports on a timely basis. Based on our review of ownership reports required to be filed for the year ended December 31, 2006, no executive officer, director or 10% beneficial owner of shares of our common stock failed to file any required ownership report on a timely basis.

CODE OF ETHICS

We have adopted a Code of Ethics for Senior Financial Officers that applies to our principal executive officer, principal financial officer, principal accounting officer, and persons performing similar functions. A copy of our Code of Ethics was previously filed as Exhibit 14 to our Annual Report on Form 10-K for the year ended December 31, 2005. We have also adopted a Code of Business Conduct, pursuant to the listing standards of the NASDAQ Stock Market, that applies generally to our directors, officers, and employees.

Meetings and Committees of the Board of Directors

Board of Directors and Committees. The business of the Company is conducted at regular and special meetings of the Board of Directors and its committees. In addition, the “independent” members of the Board of Directors, as defined in Rule 4200(a)(15) of the listing standards of the NASDAQ Stock Market, meet in executive sessions. The standing committees of the Board of Directors of the Company are the Executive, Audit, Corporate Governance and Nominating, and Human Resources Committees. During the year ended December 31, 2006, the Board of Directors of the Company met concurrently with the Board of Directors of the Bank at 12 regular meetings and 2 special meetings. No member of the Board of Directors or any Board committee attended less than 75% of these meetings.

Executive Committee. The Executive Committee is authorized to act with the same authority as the Board of Directors between meetings of the Board of Directors, subject to certain limitations contained in the Bylaws of the Company. Messrs. Gasior (Chairman), Hausmann, Koopmans and Schudt serve as members of the Executive Committee of both the Company and the Bank. During the year ended December 31, 2006, the Executive Committee of the Company met concurrently with the Executive Committee of the Bank at 20 meetings.

Audit Committee. The Board of Directors has adopted a written charter for the Audit Committee, which is attached as Appendix A to the Company’s 2006 Proxy Statement. As more fully described in the Audit Committee Charter, the Audit Committee reviews the records and affairs of the Company to determine its financial condition, reviews with management and the Company’s independent registered public accounting firm the systems of internal control over financial reporting, and monitors adherence in accounting and financial reporting to accounting principles generally accepted in the United States of America. Messrs. Hausmann (Chairman), Wells and Koopmans serve as members of the Audit Committee and each is an “independent” director as defined in Rule 4200(a)(15) of the listing standards of the NASDAQ Stock Market and Rule 10A-3 of the Securities and Exchange Commission. The Board of Directors has determined that Messrs. Hausmann and Koopmans both qualify as an “audit committee financial expert” as currently defined in the regulations of the Securities and Exchange Commission. During the year ended December 31, 2006, the Audit Committee of the Company met concurrently with the Audit Committee of the Bank at 7 meetings.

Corporate Governance and Nominating Committee. The Board of Directors has adopted a written charter for the Corporate Governance and Nominating Committee, which is attached as Appendix B to the Company’s 2006 Proxy Statement. The Corporate Governance and Nominating Committee consists, at any point in time, of all of the directors of the Company who qualify as “independent” in accordance with the listing standards of the National Association of Securities Dealers, except that no director may serve on the Corporate Governance and Nominating Committee at any meeting at which he or she has been or is seeking to be proposed as a nominee. The full Board of Directors, other than Mr. Gasior, serves as the Corporate Governance and Nominating Committee to fill vacancies on the Board. At December 31, 2006, Ms. Francis and Messrs. Koopmans (Chairman), Wells and Schudt qualified for membership on the Corporate Governance and Nominating Committee with respect to matters involving the Annual Meeting. During the year ended December 31, 2006, the Corporate Governance and Nominating Committee of the Company met 3 times.

The Corporate Governance and Nominating Committee identifies nominees by first evaluating the current members of the Board of Directors who are willing to continue in service. Current members of the Board of Directors with skills and experience that are relevant to the Company’s business and who are willing to continue in service are considered for re-nomination, balancing the value of continuity of service by existing members of the Board of Directors with that of obtaining a new perspective. If vacancies on the Board of Directors arise, or if a current director is not nominated for re-election, the Corporate Governance and Nominating Committee will determine the desired skills and experience desired of a new nominee, solicit suggestions for director candidates from all members of the Board of Directors, and may engage in other search activities. During the year ended December 31, 2006, we did not pay a fee to any third party to identify or evaluate, or assist in identifying or evaluating, potential nominees for director.

Candidates for a directorship should possess specific attributes, including integrity and a devotion to ethical behavior, a primary interest in the well-being of the Company, a capacity for independent judgment, good business acumen, the capacity to protect confidential information, an ability to work as a member of a team and a willingness to evaluate other opinions or points of view. In addition to examining a candidate's qualifications in light of the above attributes, the Corporate Governance and Nominating Committee would also consider the overall character of the candidate and any existing or potential conflict of interest, the candidate's willingness to serve and ability to devote the time and effort required, the candidate's record of leadership, and the ability to develop business for the Company and its subsidiaries.

The Company's Bylaws also establish specific qualifications for directors, and provide that no person who is seventy-five (75) years of age or above shall be eligible for election to the Board of Directors, and that each director must be a stockholder of the Company.

The Corporate Governance and Nominating Committee may consider qualified candidates for director suggested by our stockholders. Stockholders may suggest a qualified candidate for director by writing to the BankFinancial Corporation at 15W060 North Frontage Road, Burr Ridge, Illinois 60527, Attention: James J. Brennan, Secretary, and providing the information described above concerning the suggested candidate. A suggestion made to the Company's Secretary concerning a potential candidate for a directorship will not constitute a nomination of the suggested candidate for election as a director. All nominations of candidates for election as a director must strictly comply with the applicable requirements and time limits summarized below in "**Advance Notice of Business to Be Conducted at an Annual Meeting.**"

Human Resources Committee. The Human Resources Committee reviews and approves executive compensation, benefit plans, incentive compensation plans and employment agreements, and makes recommendations with respect to those matters to the Board of Directors. Messrs. Schudt (Chairman), Hausmann, Koopmans and Wells serve as members of the Human Resources Committee. Each member of the Human Resources Committee is "independent" in accordance with Rule 4200(a)(15) of the listing standards of the National Association of Securities Dealers. The Human Resources Committee of the Company met 6 times during the year ended December 31, 2006.

AUDIT COMMITTEE REPORT

In accordance with the applicable rules of the Securities and Exchange Commission, the Audit Committee has prepared the following report for inclusion in this Proxy Statement:

As part of its ongoing activities, the Audit Committee has:

- Reviewed and discussed with management the Company's audited consolidated financial statements for the year ended December 31, 2006;
- Discussed with the independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as amended; and
- Received the written disclosures and the letter from the independent registered public accounting firm required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, and has discussed with the independent registered public accounting firm their independence.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2006 for filing with the Securities and Exchange Commission.

Compensation Committee Interlocks and Insider Participation

Mr. F. Morgan Gasior is the only director of the Company and the Bank who is also an executive officer of the Company and/or the Bank. Mr. Gasior does not participate in the decisions of the Boards of Directors of the Company or the Bank or their respective Human Resources Committees concerning his compensation. No executive officer of the Company or the Bank has served on the Board of Directors or on the compensation committee of any other entity that had an executive officer serving on the Company's Board of Directors or Human Resources Committee.

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

This Compensation Discussion and Analysis describes BankFinancial Corporation's compensation philosophy and policies for 2006 as applicable to the executive officers named in the Summary Compensation Table on page 22. This section explains the structure and rationale associated with each material element of the named executive officers' compensation, and it provides context for the more detailed disclosure tables and specific compensation amounts provided in the following section. It is important to note that the Company and the Bank share an executive management team, and except for awards made pursuant to the Company's 2006 Equity Incentive Plan (the "2006 EIP"), the members of the executive management team are compensated by the Bank rather than the Company and the Company reimburses the Bank for their services to the Company through inter-company expense allocations. The compensation packages of the named executive officers are determined and approved by our Human Resources Committee based upon their performances and roles for both the Company and the Bank.

Role of the Human Resources Committee of the Board of Directors

Pursuant to its Charter, the Human Resources Committee is directly responsible for the execution of the Board of Director's responsibilities with respect to compensation, performance evaluation and succession planning for the Company's Chief Executive Officer and other executive officers. The Human Resources Committee is also responsible for the submission of an annual report on executive compensation to the Board of Directors for inclusion in the Company's annual proxy statement. During 2006, the Human Resources Committee was comprised of Messrs. Schudt (Chairman), Hausmann, Koopmans and Wells, each of whom is expected to serve on the committee through June 30, 2007. Each of the members is considered "independent" according to the listing standards of the NASDAQ Stock Market, an "outside" director pursuant to Section 162(m) of the Internal Revenue Code, and a "non-employee" director under Section 16 of the Securities Exchange Act of 1934.

Compensation Philosophy and Objectives

The overall objective of the Company's compensation program is to align executive officer compensation with the success of meeting strategic, financial and management objectives and goals. The programs are designed to create meaningful and appropriate incentives to manage the business successfully and to align executive officers' interests with those of our stockholders. The program is structured to accomplish the following:

- encourage a consistent and competitive return to stockholders over the long-term, as the Company continues to deploy the capital raised in its 2005 initial public offering;
- maintain a corporate environment that encourages stability and a long-term focus for the primary constituencies of the Company, including employees, stockholders, communities, clients and government regulatory agencies;

- maintain a program that:
 - clearly motivates personnel to perform and succeed according to our current goals;
 - provides management with the appropriate empowerment to make decisions that benefit the primary constituents;
 - attracts and retains key personnel critical to our long-term success;
 - provides for management succession planning and related considerations;
 - encourages increased productivity;
 - provides for subjective consideration in determining incentive and compensation components; and
- ensure that management:
 - fulfills its oversight responsibility to its primary constituents;
 - conforms its business conduct to the Company's established ethical standards;
 - remains free from any influences that could impair or appear to impair the objectivity and impartiality of its judgments or treatment of our constituents; and
 - continues to avoid any conflict between its responsibilities to the Company and each executive officer's personal interests.

Compensation Principles and Factors

Business Plan Objectives. The Boards of Directors of the Company and the Bank periodically conduct a review of current and anticipated business conditions in the context of the Bank's financial and competitive position. The review period typically includes at least the previous two fiscal years and up to five years prospectively. In connection with this review, management submits a business plan to the Board of Directors that proposes strategic, financial and management objectives for the period covered, using multiple scenarios in response to a variety of stated assumptions. The Board of Directors then evaluates the proposed business plan, and modifies its provisions to the extent it deems appropriate. The business plan is updated by management and the Board of Directors periodically throughout the year to respond to changing circumstances and conditions.

Corporate Performance and Benchmarking. In establishing executive officer compensation, the Human Resources Committee measures the Company's performance compared to management's and the Board of Directors' goals and business objectives as well as to other financial institutions of comparable size and complexity. The Human Resources Committee believes that using the Company's performance as a factor in determining executive officer compensation levels is useful in helping to align the executive officers' interests with those of our stockholders. With that in mind, the Human Resources Committee focuses on Company performance versus key business plan financial performance criteria (using both GAAP and non-GAAP measurements) such as return on beginning equity, return on average assets, revenue growth, diluted earnings per share growth, capital adequacy, asset quality, liquidity, interest rate risk, and operating efficiency. As part of the evaluation and review of these criteria, the Human Resources Committee also takes into account the way in which various subjective issues, such as competition and general economic conditions, including the interest rate environment and its impact on performance, may affect the Company's performance.

For purposes of comparative analysis in assessing performance, the Company generally considers commercial banks and savings institutions of similar asset size. In addition, the Company also considers institutions that are similarly situated due to their recent

conversion to public-company status. The group of comparative institutions used in 2006 generally included financial institutions with total assets of \$1 billion to \$10 billion, with a focus on commercial banks and savings institutions located in the Chicago metropolitan area as well as institutions throughout the country that recently converted to public-company status. Given the ever-changing landscape within the banking industry, there is no specifically defined group of companies that is utilized for this analysis.

The Human Resources Committee believes that benchmarking is useful in order to stay competitive in the marketplace and for attracting and retaining qualified executives. While the Human Resources Committee believes that it is prudent to consider benchmarking in determining compensation practices, it does not set strict parameters for using this data. Rather, the Human Resources Committee uses benchmarking data to ensure that executive compensation is not inconsistent with comparative organizations.

Performance Reviews and Role of Executives in Committee Meetings. Management reports to the Board of Directors at least annually on its progress in achieving the strategic, financial and management objectives established by the business plan. The Board of Directors then considers the overall performance of the Company and its executive officers in the context of these objectives, weighing numerous factors and conditions within and outside of management's control. Following this review, the Human Resources Committee reviews current and proposed compensation levels for the Chief Executive Officer and all other executive officers, and submits its conclusions to the Board of Directors for consideration and ratification. The Human Resources Committee relies in part upon the Chief Executive Officer's written assessment of each executive officer's individual performance, which considers each executive officer's efforts in achieving his or her individual goals each year, managing and developing employees and the enhancement of long-term relationships with customers, if applicable to his or her position. However, the Board of Directors and Human Resources Committee exclude the Chief Executive Officer and all other executive officers from its discussions and formal meetings concerning executive officer compensation, except to provide the results of the decisions made by the Human Resources Committee or the Board of Directors.

Information Resources and Role of Compensation Consultants. In reviewing current and proposed compensation levels for executive officers, the Human Resources Committee considers the organizational structure and composition of the Company and the Bank, external information from public sources on peer and competitor compensation practices and levels, and other information it deems relevant to its responsibilities. In 2006, the Human Resources Committee engaged Frederic W. Cook & Co. to assess the structure and reasonableness of the Company's 2006 EIP, which incorporates cash incentive and equity incentive components. Additionally, the Human Resources Committee has periodically consulted with external legal counsel.

Components of Executive Compensation

General. All executive officers of the Company, including the Chief Executive Officer, are currently executive officers of the Bank. On May 19, 2006, the Company adopted the 2006 EIP, and it was subsequently approved by the Company's stockholders at the 2006 annual meeting. Except for awards made pursuant to the 2006 EIP, the Company does not separately compensate its executive officers. The compensation that the Bank pays to its executive officers, however, is taken into account in establishing the inter-company expense allocations that the Company pays to the Bank. Prior to our mutual-to-stock conversion, the Bank's compensation programs involved only cash compensation consisting of base salary, incentive compensation and traditional employee benefits. In connection with the mutual-to-stock conversion, the Bank also established a tax-qualified ESOP, and executive officers are eligible to participate in the ESOP subject to vesting and other requirements and limitations.

Base Salary. Generally, base salary levels are established based on job descriptions and responsibilities, either temporary or permanent in nature (including any revisions or proposed revisions thereto), competitive conditions and general economic trends in the context of the Bank's financial and franchise condition and performance.

In 2006, the base salary for the Chief Executive Officer and the other named executive officers increased by an amount equal to the increase in the 12-month Consumer Price Index as reported by the U.S. Treasury Department in October, 2005 (this index was used uniformly throughout the Company for cost-of-living adjustments to base compensation). For 2007, the Chief Executive Officer and the named executive officers requested that the Human Resources Committee maintain their base salaries equal to their 2006 base salary levels and the Human Resources Committee and the Board of Directors accepted that request.

(1) Base salary is effective as of April 1 of a calendar year.

Annual Cash Incentive Compensation. Annual cash incentive compensation reflects the relative achievement of the strategic, financial and management objectives established by the business plan, together with management's responses to unforeseen circumstances or conditions that materially differ from those originally assumed. Annual cash incentive compensation is generally established as a range of possible awards based on a percentage of base salary. Other factors considered in establishing annual cash incentive compensation include recent changes or proposed changes to base salary or other compensation elements, as well as competitive considerations.

In general, the Company's business plan assumptions include a total annual cash incentive compensation pool between 10% and 20% of base salary for executive officers, including the Chief Executive Officer. Absent extraordinary circumstances, annual cash incentive compensation typically will not exceed 20% of an executive officer's base salary. Provided that the Company's overall financial performance was generally consistent with the overall projected business plan results (taking into consideration factors both within and outside of the Company's control), the annual performance review process results in an award based on each executive officer's relative achievement in percentage terms of the applicable established strategic, financial and management business plan objectives.

Equity-Based Compensation. The 2006 EIP established a mechanism by which awards of restricted stock or stock options could be utilized to further align the financial interests of employees, including the executive officers, with stockholders and, in the future, provide an additional means to attract, retain and reward individuals who can and do contribute to the success of the Company. The Human Resources Committee established share ownership guidelines (as described below) for executive officers applicable both to personally-acquired shares and shares acquired pursuant to the 2006 EIP. The Human Resources Committee also considers the significant financial investment required of a participant who retains all shares granted under the 2006 EIP because such participant must pay current income tax obligations with respect to such shares without having the benefit of selling any of the shares to generate cash amounts to cover such tax liability. Given these linkages to stockholder interests, the Human Resources Committee granted long-term equity-based compensation awards (consisting of both restricted stock and stock options) to certain executive officers in 2006. Consistent with the purpose of aligning management financial interests with stockholder interests, the Human Resources Committee established a framework for the Chief Executive Officer's implementation of the 2006 EIP for individuals other than the executive officers of the Company or the Bank. In general, the delegation limits grants to an aggregate of 120,000 restricted shares and 360,000 stock options, and to a maximum per individual of 10,000 restricted shares and 25,000 stock options.

The Human Resources Committee believes that the Company's present market valuation is most closely aligned with its capital strength, asset quality and core deposit franchise and that a key objective for the Chief Executive Officer is to preserve these strengths throughout the deployment of the Company's excess capital and the execution of its business objectives. Consequently, the Human Resources Committee conditioned the vesting of certain restricted stock and stock option awards on the achievement of tangible capital ratios and asset quality ratios at the end of each calendar year (as certified by the Human Resources Committee based on the Company's annual audited financial statements).

Share Ownership Guidelines. In the absence of difficult personal circumstances, the Human Resources Committee encourages the Chief Executive Officer and the other named executive officers of the Company to acquire and hold a position in Company shares equal to 100% of the executive's three-year average annual cash compensation. The Human Resources Committee also encourages other executive officers of the Company and the Bank to acquire and hold a position in Company shares equal to 20% of the executive's three-year average annual cash incentive compensation. At December 31, 2006, all elements of the Human Resources Committee's share ownership guidelines were met. In addition, the Human Resources Committee encourages executive officers to retain all shares granted under the 2006 EIP. At December 31, 2006, the Company's executive officers had retained 100% of their vested 2006 EIP restricted shares.

Deferred Compensation Plan. The Bank previously maintained a deferred compensation plan for the benefit of directors and certain senior executive officers designated to participate in the plan. Participation in the plan was voluntary, and the one individual who elected to participate in the plan did not receive any compensation beyond the compensation this individual would have received had he not participated in the plan. Under the plan, an employee was able to defer up to 100% of his salary or incentive compensation. A director was able to defer up to 100% of his director fees. There were no Company matching contributions made to the plan. The Bank's Board of Directors terminated the Deferred Compensation Plan as of December 31, 2006, and all distributions therefrom were completed in accordance with the plan's terms by that date.

401(k) Plan. The Company has a tax-qualified defined contribution retirement plan covering all of its eligible employees. The plan is a 401(k) and profit-sharing plan. Employees are eligible to participate in the plan after attainment of age 21 and completion of one year of service. Prior to April 1, 2007, the Company matched employee contributions up to 5% of an employee's wages. The Company could also contribute an additional amount annually at the discretion of the Board of Directors. Contributions totaling \$728,000 were made for 2006. Effective April 1, 2007, the Board of Directors amended the match component of the plan to provide a fixed match in the amount of 50% of the first 6% of compensation deferred under the plan. The Board of Directors amended the match formula after considering the significant benefit provided to all eligible employees under the ESOP.

Employee Stock Ownership Plan and Trust. The Bank implemented the ESOP in connection with our mutual-to-stock conversion, effective as of January 1, 2004. Employees with at least one year of employment with the Bank are eligible to participate. As part of the mutual-to-stock conversion, the ESOP trust borrowed funds from the Company and used those funds to purchase 1,957,300 shares of common stock. The shares of common stock purchased by the ESOP are the collateral for the loan. The loan will be repaid principally from the Bank through discretionary contributions to the ESOP over a period of up to 20 years. The loan documents provide that the loan may be repaid over a shorter period, without penalty for prepayments. The interest rate for the loan will be equal to the prime rate plus 100 basis points, adjustable every five years. Shares purchased by the ESOP are held in a suspense account for allocation among participants as the loan is repaid.

Contributions to the ESOP and shares released from the suspense account in an amount proportional to the repayment of the ESOP loan are allocated among ESOP participants on the basis of compensation in the year of allocation. Benefits under the plan become fully vested upon completion of five years of credited service, with credit given to participants for years of credited service with the Bank prior to the adoption of the plan. A participant's interest in his account under the plan also fully vests in the event of termination of service due to a participant's early or normal retirement, death, disability, or upon a change of control (as defined in the plan). Vested benefits are payable in the form of shares of common stock and/or cash. Any unvested benefits will be forfeited

following termination of employment in accordance with the terms of the ESOP. Such forfeited benefits remain in the ESOP and are reallocated to remaining participants in accordance with the terms of the ESOP. The Bank's contributions to the ESOP are discretionary, subject to the loan terms and tax law limits. The ESOP will terminate in the event of a change of control as defined in the plan.

All Other Compensation and Perquisites. The Human Resources Committee reviews and monitors the level of other compensation and perquisites offered to the named executive officers in the context of current business operations and general market practices.

In addition to participation in the standard life and disability insurance benefits available to all full-time employees, the Company also requested the Chief Executive Officer and the insurable named executive officers to obtain additional life, accidental death and disability insurance coverage in an amount equal to the death benefit payable under their respective employment agreements. In the event of the death or disability of one of these executive officers, the Bank's obligations under their employment agreement are reduced on a dollar-for-dollar basis by the insurance proceeds received by the executive officer or the named beneficiary under the insurance policy. In exchange, the Bank reimburses the participant for the after-tax cost of the annual insurance premium for the additional coverage. The Human Resources Committee believes that the additional insurance coverage is a very cost-effective means of protecting the Bank and the Company against the immediate financial consequences of the death or disability of any of the executive officers.

Excluding the effects of the Bank's contributions for the health, vacation, 401(k) and ESOP benefits available to all full-time employees and the Bank's reimbursement of the after-tax premium costs for additional life and disability insurance coverages, the Human Resources Committee generally believes that other compensation and perquisites should not exceed 10% of each named executive officer's total annual cash compensation. The Company's perquisite policy was amended in 2007 to reflect this limitation. As of December 31, 2006, the Company's compensation practices with respect to other compensation and perquisites met this standard with respect to all but one named executive officer, Mr. Cloutier.

Conclusions for Year Ended December 31, 2006

This section describes the decisions made by the Human Resources Committee with respect to the compensation for the named executive officers for 2006 and 2007.

Executive Summary. The following is a brief summary of the compensation decisions the Human Resources Committee affected for 2006 and 2007:

- we increased base salaries for the named executive officers, on average, by 3% for 2006 and 0% for 2007;
- aggregate annual cash incentive payments to named executive officers for 2006 decreased from the aggregate annual cash incentives paid for 2005;
- we implemented the 2006 EIP to further align the financial interests of the executive officers with stockholders and to strengthen our retention tools for executive officers and other key senior officers; and
- other benefits and perquisites remained substantially similar between 2005 and 2006 and we expect that they may decrease moderately in 2007.

Chief Executive Officer. The Human Resources Committee reviewed the Chief Executive Officer's performance in 2006 in the context of the approved business plan and the extent to which established strategic, financial and management objectives were realized. The Human Resources Committee also evaluated the overall state of the Company's franchise and its strategic position, capabilities and direction consistent with the Chief Executive Officer's execution of his leadership and planning responsibilities. At a meeting attended solely by Human Resources Committee members, the Human Resources Committee determined that the Chief Executive Officer generally performed at the higher end of the expectations of the Board of Directors in 2006. The Human Resources

Committee noted specifically that management responded appropriately to adverse interest rate and competitive conditions, resulting in relatively consistent performance metrics compared to 2005. The Committee also noted the successful integration of University National Bank, the conduct of long-range acquisition analyses and other planning activities, and the completion of several due diligence reviews of institutions offered for sale, either privately or publicly. Finally, the Committee noted that the pace of innovation increased in 2006, with several new functions, products and services designed to meet the growing competition in its markets. In recognition of the foregoing, the Human Resources Committee concluded that the Chief Executive Officer should receive a cash incentive compensation award for 2006 of \$57,656, compared to \$65,156 for 2005.

Other Named Executive Officers. The Chief Executive Officer submitted performance review information for the other named executive officers of the Company, together with current and proposed base salary and annual cash incentive compensation information. At a meeting attended solely by Human Resources Committee members, the Human Resources Committee reviewed and evaluated the information provided by the Chief Executive Officer. The Committee determined that certain revisions (generally minor in nature) to the presentations were appropriate and directed the Chief Executive Officer to implement the revisions. For 2006, cash incentive compensation for the named executive officers (other than the Chief Executive Officer) ranged from \$28,500 to \$56,000 compared to \$37,500 to \$58,000 for 2005.

Reasonableness of Compensation

After considering all components of the compensation program for the named executive officers, the Human Resources Committee has determined that such compensation is reasonable and appropriate.

In making this determination, we considered many factors, including the following:

- management has positioned the Company for future success through the planning and execution of the strategic, financial and management objectives of the Company's business plan;
- the Company's total stockholder return since its initial public offering has exceeded published market indices relevant to the Company's stockholders;
- the Company is increasingly well positioned in the communities it serves as a result of the management's focus and execution of the Company's community bank mission; and
- the grants made to the named executive officers were intended to cover a multi-year period, both past and future, and no additional grants are expected to be made to the named executive officers in 2007 and 2008 absent extraordinary circumstances.

Tax and Accounting Treatment

Section 162(m) of the Internal Revenue Code. Section 162(m) of the Internal Revenue Code limits the tax deduction to \$1 million for compensation paid to certain executive officers of public companies. The limitations on the deductibility of executive compensation imposed under Section 162(m) did not affect the Company during 2006 because the compensation paid to the Company's executive officers in 2006 did not exceed these limitations. The 2006 EIP provides the Human Resources with flexibility to address issues that may arise under Section 162(m), and contains provisions that could be utilized to reduce its potential adverse effects. The Human Resources Committee intends to continue to evaluate the potential adverse impact that Section 162(m) could have on the Company in the future.

American Jobs Creation Act of 2004. The Human Resources Committee has monitored regulatory developments under Section 409A of the Internal Revenue Code, which was enacted as part of the American Jobs Creation Act of 2004 and deals with specific tax rules for non-qualified deferred compensation plans. The Company revised certain payment provisions in its employment agreements with certain officers to address potential issues that could arise under the transitional guidance that has been issued with respect to Section 409A. Further amendment of such agreements may be required to comply with the final Treasury Regulations

under Section 409A, which were issued on April 10, 2007. The 2006 EIP provides the Human Resources with flexibility to addresses issues that may arise under Section 409A, and contains provisions that could be utilized to reduce its potential adverse effects. The Human Resources Committee intends to continue to evaluate the potential adverse impact that Section 409A could have on the Company in the future and is currently evaluating the potential impact of the final Treasury Regulations on the Company.

Other Taxation Issues. The Human Resources Committee believes that, as the Company's compensation structures become more complex, the effects of the alternative minimum tax and other taxation issues could affect the net intended effect of the Company's compensation plans. Although no specific action is warranted at this time, the Human Resources Committee intends to monitor the effects of the alternative minimum tax and other taxation issues on the Company and its directors, officers and associates when evaluating various compensation principles, practices and plans.

Accounting for Stock-Based Compensation. The Financial Accounting Standards Board has adopted Statement of Financial Accounting Standards 123(R) ("FAS 123(R)"), which requires companies to record the compensation cost for stock options that are provided to employees in return for employment service. The cost is measured at the fair value of the options when granted, and this cost is expensed over the employment service period, which is normally the vesting period of the options. FAS 123(R) applies to awards granted or modified in years beginning in 2006 and thus will apply to the 2006 EIP. The Human Resources Committee has evaluated, and intends to continue to evaluate, the potential adverse impact of FAS 123(R) on future compensation expense.

We have reviewed and discussed the foregoing Compensation Discussion and Analysis with management. Based on our review and discussion with management, we have recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement and in BankFinancial Corporation's Annual Report on Form 10-K for the year ended December 31, 2006.

Grants of Plan-Based Awards

The 2006 EIP was adopted by the Board of Directors on May 19, 2006, subject to stockholder approval, to promote the long-term financial success of the Company, attract, retain and reward persons who can and do contribute to such success, and further align the participants' interests with those of the Company's stockholders. The 2006 EIP was approved by the Company's stockholders at the 2006 annual meeting. The 2006 EIP is administered by the Human Resources Committee, which, either directly or through delegations to the Chief Executive Officer, selects award recipients from the eligible participants, determines the types of awards to be granted, and determines the applicable terms, conditions, performance criteria, restrictions and other provisions of such awards, including any vesting or accelerated vesting requirements or conditions applicable to an award or awards.

The 2006 EIP incorporates a broad variety of cash- and equity-based incentive compensation elements to provide the Board of Directors and the Human Resources Committee with significant flexibility to appropriately address the requirements and limitations of recently applicable legal, regulatory and financial accounting standards in a manner mutually consistent with the purposes of the 2006 EIP and stockholder interests.

Upon the occurrence of a change of control of the Company, unless otherwise stated in an award agreement, all outstanding options and SARs then held by a participant who is employed by, or providing services to, the Company or its subsidiaries at the time of such change of control will become fully exercisable and all stock awards or cash incentive awards shall be fully earned and vested (subject to limitations on performance-based awards).

- (2) Generally reflects amounts realized on December 15, 2006 at a closing stock price of \$17.82, except for Mr. Gasior who also realized amounts on March 15, 2007 at a closing stock price of \$16.79 for achievement of capital adequacy and asset quality performance goals.

Potential Payments Upon Termination or Change of Control

The following table sets forth information concerning potential payments and benefits under our compensation programs and benefit plans to which the named executive officers would be entitled upon a termination of employment as of December 29, 2006. As is more fully described below, the named executive officers have entered into employment agreements with the Bank (each, an "Employment Agreement"), which provide for payments and benefits to a terminating executive officer following a termination other than for "cause". In addition, award agreements under the 2006 EIP (the "Award Agreements") provide for the accelerated vesting of unvested awards in similar circumstances, and in addition, upon the occurrence of a change of control of the Company. Except for the payments and benefits provided by the Employment Agreements and the Award Agreements, all other payments and benefits provided to any named executive officer upon termination of his employment are the same as the payments and benefits provided to other eligible executives of the Bank. For purposes of estimating the value of certain equity awards we have assumed a price per share of our common stock of \$17.81, which was the closing price of our stock on December 29, 2006, the last trading day of the year.

- (1) Cash payments include prorated annual average cash incentive compensation, prorated employer matching 401(k) contribution, and base salary the executive would have received from the date of termination through the end of his/her employment period. Accelerated equity awards reflect the intrinsic value of unvested outstanding equity awards based on the closing stock price on December 29, 2006 of \$17.81. Continued benefits reflect incremental cost of core benefits to the Company during the continuation period based on actual cost for 2006. Prorated annual average cash incentive compensation and base salary shall be paid in equal installments over the period consistent with the regular payroll cycle. Excludes any reduction in benefit as a result of disability insurance or federal social security disability payments.

- (2) Cash payments include prorated annual average cash incentive compensation, prorated employer matching 401(k) contribution, and three times the executive's annual average compensation. Accelerated equity awards reflect the intrinsic value of unvested outstanding equity awards based on the closing stock price on December 31, 2006 of \$17.81. Continued benefits reflect incremental cost of core benefits to the Company for 36 months based on actual cost for 2006. Prorated annual average cash incentive compensation and base salary shall be paid in equal installments over a 36-month period consistent with the regular payroll cycle. Excludes any reduction in benefit as a result of supplemental life insurance payments.
- (3) Cash payments include base salary the executive would have received from the date of termination through the end of his/her employment period. In addition, Ms. Calabrese receives a prorated annual average cash incentive compensation and a prorated employer 401(k) matching contribution consistent with the terms of her previous employment contract with Success National Bank. Accelerated equity awards reflect the intrinsic value of unvested outstanding equity awards based on the closing stock price on December 31, 2006 of \$17.81. Continued benefits reflect incremental cost of core benefits to the Company during the continuation period based on actual cost for 2006. Prorated annual average cash incentive compensation and base salary shall be paid in equal installments over the period consistent with the regular payroll cycle.
- (4) The executives' employment agreements (described below) do not provide for payments to be made solely as a result of a change of control. However, the payments reflected in this column assume the executive is terminated without cause in connection with a change of control. Executive benefits are reduced to avoid constituting an "excess parachute payment" under Section 280G of the Internal Revenue Code. Amounts reflect the reduced benefit.

Accrued Pay and Regular Retirement Benefits. The amounts shown in the table above do not include payments and benefits to the extent they are provided on a non-discriminatory basis to salaried employees generally upon termination of employment. These include:

- Accrued but unpaid salary and vacation pay.
- Distributions of plan balances under our 401(k) plan and our ESOP. See "401(k)" and "Employee Stock Ownership Plan" on page 18 for an overview of the 401(k) and the ESOP.
- The value of option continuation upon retirement, death or disability. Except as may be provided in connection with a change of control, when an employee terminates employment other than for cause and prior to retirement, death or disability, his or her vested stock options will remain exercisable for a period of three months following termination. When an employee is terminated for cause, his or her stock options, whether vested or unvested, are terminated immediately. When a retirement-eligible employee terminates, or when an employee dies or becomes disabled, his or her vested stock options remain exercisable for 12 months following the date of his or her termination.

Acceleration of Vesting Upon a Change of Control. Upon the occurrence of a change of control of the Company, unless otherwise stated in an award agreement, all outstanding options and SARs then held by a participant, including the executive officers, who is employed by, or providing services to, the Company or its subsidiaries at the time of such change of control will become fully exercisable and all stock awards or cash incentive awards shall be fully earned and vested (subject to limitations on performance-based awards). Any such options or SARs, the vesting of which is accelerated upon the occurrence of a change of control, shall remain exercisable in accordance with their terms.

Employment Agreements. The Bank entered into employment agreements with each of Messrs. Gasior, Brennan, Cloutier and O'Shaughnessy in 2003. In addition, in August 2004, the Bank entered into an employment agreement with Ms. Calabrese that is substantially similar to the employment agreements for the other four executive officers. Each employment agreement had an initial term of 36 months and can be extended for an additional year, at the discretion of the Board of Directors, so that the remaining term will be 36 months. The Board of Directors of the Bank expects to extend the terms of the Bank employment agreements with the above five named executive officers through March 31, 2010, subject to their agreement to the amendment of certain provisions in the employment agreements to reflect new limitations established on perquisites, any changes made necessary by new Treasury regulations and other possible changes.

Under the Bank employment agreements, the Bank will pay the executive officers the base salary reflected in the payroll records, subject to discretionary increases by the Board of Directors. The 2007 base salaries for Messrs. Gasior, Brennan, Cloutier and O'Shaughnessy and Ms. Calabrese are identical to their 2006 base salaries as in effect on April 1, 2006. The 2006 and 2007 base salaries for Messrs. Gasior, Brennan, Cloutier and O'Shaughnessy are \$395,906, \$295,610, \$247,046 and \$252,350, respectively, and for Ms. Calabrese is \$216,300.

The employment agreements provide that the base salary may be increased but not decreased. The employment agreements also provide that the executive officer is entitled to an automobile or an automobile allowance, the payment of designated club dues and to participate with other executive officers in incentive compensation and discretionary bonuses declared by the Board. In addition to base salary and bonus, the employment agreements provide for, among other things, participation in a Section 125 cafeteria plan, group medical, dental, vision, disability and life insurance plans, referred to as the core plans, 401(k) plan, the ESOP and other employee and fringe benefits applicable to executive personnel.

During the employment period, each executive officer is provided with a supplemental disability insurance policy that pays 60% of base salary for the remaining term of the agreement in the event the executive officer is terminated due to disability. If an executive officer becomes disabled, his or her base salary will be reduced proportionately by the disability payments made under the disability policy and under the federal social security system. Each executive officer is responsible for paying the premiums but receives an annual allowance in an amount sufficient, on an after-tax basis, to equal the premium payments. In the event of termination of employment due to disability, the executive officer will be entitled to his or her earned salary, the prorated annual average of any cash incentive compensation and bonus that the executive officer received during the preceding two fiscal years, referred to as prorated incentive compensation, the prorated employer matching 401(k) plan contribution that the executive officer would be entitled to receive for the current year, referred to as accrued plan contribution, the base salary he or she would have received from the effective date of termination through the date the employment period would have expired if his or her employment had not sooner terminated due to disability, which will be reduced on a dollar for dollar basis by the disability insurance and federal social security disability payments referenced above, and continued coverage under the core plans through the date the employment period would have expired, subject to the executive officer's continued payment of the costs and contributions for which he or she is responsible.

In addition to the life insurance benefits provided to regular full-time employees, a supplemental life insurance policy has been provided to each insurable executive officer in an amount not less than three times the executive officer's base salary. The executive officer is the owner of the policy and receives an annual allowance sufficient to cover the cost of such insurance. In the event of an executive officer's death during the term of the employment agreement, any base salary payments required of the Bank upon the death will, assuming a supplemental life insurance policy has been obtained, be reduced on a dollar for dollar basis by the payments to the executive officer's designated beneficiary under the supplemental insurance policies. If a supplemental life insurance policy on the executive's life has not been obtained, such payments will be made by the Bank in accordance with the applicable employment agreement. The agreements provide for termination for cause at any time. In the event of termination for cause, the executive officer will only receive the unpaid balance of his or her base salary, referred to as earned salary, through the effective date of termination of employment.

In the event the executive officer's employment is terminated due to death, his or her surviving spouse and minor children, if any, will be entitled to the same coverage under the core plans that the executive officer would have been provided if his or her employment had terminated due to disability. In addition, the executive officer's estate or trust, as applicable, will be entitled to the base salary the executive officer would have been paid through the date the employment period would have expired if the executive officer's employment had not been sooner terminated due to death. If a supplemental life insurance policy has been obtained on the life of the executive officer, the Bank's obligation to make such payments will be reduced on a dollar for dollar basis by the death benefits payments under the supplemental life insurance policy purchased for each executive officer. Also, with respect to Ms. Calabrese only (consistent with the terms of her previous employment agreement with Success National Bank), an amount equal to the prorated annual average cash incentive compensation and a prorated employer 401(k) matching contribution would be due. Except with respect to coverage under the core plans, the Bank will generally have no obligation to pay or provide an executive officer's estate, surviving spouse, or minor children with any other compensation or benefits on account of the executive officer's death.

In the event the executive officer's employment is terminated without cause by the Bank, the Bank will pay the executive officer his or her earned salary, prorated incentive compensation, accrued plan contribution, continued coverage under the core plans for 36 months, subject to the executive officer's payment of costs and contributions for which he or she is responsible, and an amount equal to three times his or her average annual compensation. Payment of benefits will be made in installments over 36 months; however, the Bank has the right to elect to make a discounted lump sum payment unless the payment is deemed to be subject to Section 409A of the Internal Revenue Code, in which case such right will not exist.

Under the employment agreements, the executive officer may terminate his or her employment for good reason by giving notice within 60 days after the event giving rise to the right to terminate employment. "Good reason" generally includes our (i) decision not to re-elect or failure to re-elect the executive officer to his or her present position; (ii) failure to extend the executive officer's employment period on the anniversary date for an additional year so that the remaining term of the employment agreement will be 36 months; (iii) relocation of the executive officer's principal place of employment by more than a specified distance; (iv) reduction in the executive officer's base salary or a material reduction in benefits to which the executive officer is entitled; (v) liquidation or dissolution of the Bank or the Company; and (vi) material uncured breach of the employment agreement. With respect to Mr. Gasior's employment agreement, "good reason" also includes the failure to elect or re-elect him as Chairman of the Board of the Bank, a change in the composition of the Board of Directors of the Bank such that the current directors no longer constitute a majority of the Board other than in certain circumstances where the new board is nominated or appointed by the existing Board, or a significant reduction in the scope of his duties, powers, privileges, authority or responsibilities. Mr. Gasior's employment agreement also provides that, during the term of the employment agreement, the Board of Directors of the Bank will appoint him as the President and Chief Executive Officer of the Bank, and will appoint him as the Chairman of the Board of the Bank at all times during which he is a director of the Bank. In the event an executive officer's employment is terminated for good reason, he or she will receive the same amounts and the same coverage under the core plans that he or she would have received if his employment had been terminated without cause. An executive officer who terminates his or her employment by resignation other than due to good reason will only be entitled to his or her earned salary through the date of termination.

The executive officer is required under the employment agreement to execute a general release in consideration for any severance amounts. The executive officer also agrees not to compete with the Bank or its affiliates for six months after termination or during the period that severance amounts are paid, if longer. In addition, the executive officer agrees not to solicit our customers, their business or our employees for 18 months, which may be reduced in certain circumstances. Payment of benefits under the employment agreements may be made in installments, or if the payment is not deemed to be subject to Section 409A of the Internal Revenue Code, in a lump sum discounted to present value in the case of future cash payments, as determined by the Bank. Benefits under the Bank agreement shall be reduced as may be necessary to avoid constituting an "excess parachute payment" under Section 280G of the Internal Revenue Code.

In addition to the Bank Employment Agreements described above, the Company intends to enter into employment agreements with the named executive officers of the Company at a future date.

Compensation of Directors

Directors' Fees. All directors of the Company are also currently directors of the Bank. The Bank pays fees to its directors for their service as directors and as members and chairpersons of committees of the Board of Directors. Except for Mr. Koopmans, who receives a fee of \$800 per quarter from the Company for serving on the Company's Audit Committee, the Company does not separately compensate the members of its Board of Directors. The fees that the Bank pays to its directors, however, are taken into account in establishing the inter-company expense allocations that the Company pays to the Bank.

Except for Mr. Gasior, who receives no fees for serving as a director, committee chairperson or committee member, the directors of the Bank received an annual fee of \$24,000 during 2006 for preparing for and attending meetings of the Board of Directors of the Bank. Members of the Executive Committee of the Bank received an additional fee of \$800 per month for performing Executive Committee functions. The chairpersons of the Bank's Audit Committee, Asset Quality Committee and Asset Liability Management Committee each received an additional fee of \$1,000 per quarter, and the other members of each of these committees receive an additional fee of \$800 per quarter, for performing committee functions. The Bank also partially reimburses Mr. Koopmans for his travel expenses for attending meetings of its Board of Directors.

Effective January 1, 2007, the Bank's Board of Directors eliminated Board committee fees paid by the Bank and the Company's Board of Directors took identical action with respect to committee fees paid by the Company. The Bank's Board of Directors increased the annual fee paid to the Chairman of the Audit Committee (Mr. Hausmann) and each Audit Committee member (Mr. Wells) due to the fact that the Audit Committee was a required entity with separate responsibilities established by applicable laws and regulations. The Company's Board of Directors took identical action with respect to Mr. Koopmans, the only member of the Company's Audit Committee paid by the Company.

Equity-Based Compensation. The 2006 EIP (as more fully described on page 17 above) established a mechanism by which awards of restricted stock or stock options could further align the financial interests of the directors of the Company and the Bank with stockholders and, in the future, provide an additional means to attract, retain and reward individuals who can and do contribute to the success of the Company. The Board of Directors granted long-term equity-based compensation awards (consisting of both restricted stock and stock options) to its members in 2006 as described in the table below. All awards under the 2006 EIP were based in part on a member's experience and on each member's responsibilities as assigned by the Board of Directors.

The Board of Directors also established share ownership guidelines for directors applicable both to personally-acquired shares and shares acquired through the 2006 EIP. In general, absent difficult personal financial circumstances, the Board of Directors encourages each director in office at least one (1) year to hold a position in Company shares equal to at least 50% of a director's annual director's fees. At December 31, 2006, all eligible directors and all directors as a group significantly exceeded this ownership position. In addition, the Human Resources Committee encourages executive officers to retain all shares granted under the 2006 EIP. At December 31, 2006, the Company's directors retained 100% of their vested 2006 EIP restricted shares.

Mr. Hartnett received a restricted stock award on September 18, 2006 for 7,000 shares. This award vested during 2006. The amount reflected under "All Other Compensation" represents legal fees paid to Hartnett and Hartnett for legal services provided to the Bank in 2006. Mr. Hartnett and his law firm received \$2,861 in legal fees from the Bank in 2006 related to the completion of legal matters that were ongoing following the Board of Directors' determination that, for reasons related to director independence, no new legal matters would be assigned to Mr. Hartnett or his firm.
- (7) Mr. Schudt received a payment equal to \$173,441 upon the termination of the Bank's deferred compensation plan. This amount represented Mr. Schudt's elective deferrals of fees due to him in previous years, plus earnings thereon.

(8) Mr. Wherfel was appointed to the Board of Directors of the Company on May 18, 2006, to fill the vacancy created by the death of Dr. Kenneth Cmiel.

Attendance at Annual Meetings of Stockholders

Although the Company does not have a formal written policy regarding director attendance at annual meetings of stockholders, directors are requested to attend these meetings absent unavoidable scheduling conflicts. All of the Company's current directors then in office attended the 2006 annual meeting.

COMMUNICATIONS WITH THE BOARD OF DIRECTORS

Any stockholder who wishes to contact our Board of Directors or an individual director may do so by writing to the Board of Directors or the individual director c/o, BankFinancial Corporation, 15W060 North Frontage Road, Burr Ridge, Illinois 60527, Attention: James J. Brennan, Secretary. Each communication received will be reviewed by the Secretary and distributed to the Board of Directors or the individual director, as appropriate, depending on the facts and circumstances outlined in the communication. The Secretary may attempt to handle an inquiry directly or forward a communication to another employee of the Company for response. The Secretary also has the authority not to forward a communication to the Board of Directors or an individual director if it is primarily commercial in nature, relates to an improper or irrelevant topic, or is unduly hostile, threatening, illegal or otherwise inappropriate.

Transactions with Certain Related Persons

Neither the Bank nor the Company currently extends credit to its executive officers and directors or any organization considered to be a related interest or affiliate under applicable federal law, and no such loans were outstanding as of December 31, 2006. The Bank's Professional Responsibility Policy provides that no director or officer may provide goods or services to the Bank or an affiliate (which includes the Company) unless approved by the disinterested majority of the Board of Directors after full disclosure and it is determined that the arrangement is fair and appropriate. In addition, all transactions between the Bank or its affiliates and a director or executive officer must be conducted on an arm's length basis, comply with all applicable laws and regulations and be on terms that are no more favorable to the director or officer than those afforded to similarly situated customers and vendors. Patrick I. Hartnett, a former director of the Company and a current director of the Bank, performed legal services for the Bank during 2006 in connection with various debt collection matters. In 2006, the Board of Directors determined that, for reasons relating to director independence under applicable regulatory standards, the Bank would not engage Mr. Hartnett or his firm to represent the Bank in any new legal matters, and that their legal representation of the Bank would cease upon the completion of matters for which the firm was previously engaged. Legal fees totaling \$2,861 were paid to Hartnett and Hartnett during 2006 for legal services performed in connection with the completion of previously assigned legal matters. Neither Mr. Hartnett nor his firm currently provides legal services to the Company or the Bank.
