  - Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))
- 
-

**Item 8.01. Other Events**

BankFinancial Corporation (the "Company") included a Quarterly Financial and Statistical Supplement as Exhibit 99.2 to the Current Report on Form 8-K that it filed with the Securities and Exchange Commission on March 13, 2012. The Quarterly Financial and Statistical Supplement contained a portfolio segmentation error for the quarter ended December 31, 2011 on page 6. The total amount of charge-offs reported was correct. The Supplement stated that no charge off was recorded for commercial loans and \$1.424 million was recorded as a charge off for commercial leases; however, for the quarter ended December 31, 2011, charge offs of \$1.352 million were recorded for commercial loans and charge offs of \$72,000 were recorded for commercial leases. In addition, the amended Supplement includes parentheses for the pre-tax pre-provision subtotal for the year ended December 31, 2011 relating to non-GAAP financial measures on page 10. An amended Quarterly Financial and Statistical Supplement is attached as Exhibit 99.1 to this report.

**Item 9.01. Financial Statements and Exhibits.**

**BANKFINANCIAL CORPORATION**  
**NON-GAAP FINANCIAL MEASURES**

BankFinancial Corporation, a Maryland corporation (“the Company”) utilizes a number of different financial measures, both GAAP and non-GAAP, in making operating, budgeting and planning decisions for future periods. Generally, a non-GAAP financial measure is a numerical measure of a company’s performance, financial position or cash flows that either excludes or includes amounts that are not normally excluded or included in the most directly comparable measure calculated and presented in accordance with generally accepted accounting principles in the United States, or GAAP. The Company believes that the use of the non-GAAP financial measures described below provides the Board of Directors and management, and may provide some investors, with a more complete understanding of the Company’s operating results and trends, and facilitate comparisons to historical and peer performance. The Company’s non-GAAP financial measures should be considered supplemental in nature and should not be considered in isolation, or as superior to or a substitute for, financial measures that are prepared in accordance with GAAP. In addition, the Company’s non-GAAP financial measures may differ from similar non-GAAP financial measures that are used by other companies, thus limiting their usefulness as a comparative tool.

These measures include pre-tax pre-provision earnings from core operations and pre-tax pre-provision earnings from core operations to average total assets. Management believes that by excluding the provision for loan losses, other real estate owned related income and expense, nonperforming asset management expenses, acquisition expenses and goodwill impairment from noninterest expense, these measures better reflect our core operating performance.
