QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the Quarterly Period ended June 30, 2021

or

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For transition period from \_\_\_\_\_ to \_\_\_\_\_  
Commission File Number 0-51331

# BANKFINANCIAL CORPORATION

(Exact Name of Registrant as Specified in Charter)

Maryland  
(State or Other Jurisdiction  
of Incorporation)

75-3199276  
(I.R.S. Employer  
Identification No.)

60 North Frontage Road, Burr Ridge, Illinois 60527  
(Address of Principal Executive Offices)

Registrant's telephone number, including area code: (800) 894-6900  
Not Applicable

(Former name, former address and former fiscal year, if changed since last report)

Securities registered pursuant to Section 12(b) of the Act:

Title of each class	Trading Symbol(s)	Name of each exchange on which registered
Common Stock, par value \$0.01 per share	BFIN	The NASDAQ Stock Market LLC

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes  No

Indicate by check mark whether the registrant has submitted electronically every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T during the preceding 12 months (or for such shorter period that the registrant was required to submit such files). Yes  No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, smaller reporting company, or an emerging growth company. See the definitions of "large accelerated filer", "accelerated filer", "smaller reporting company", and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer  Accelerated filer   
Non-accelerated filer  Smaller reporting company   
Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes  No .

Indicate the number of shares outstanding of each of the issuer's classes of common stock as of the latest practicable date. At July 28, 2021 there were 13,828,522 shares of Common Stock, \$0.01 par value, outstanding.

**BANKFINANCIAL CORPORATION**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
(Table amounts in thousands, except share and per share data)

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Presentation:** BankFinancial Corporation, a Maryland corporation headquartered in Burr Ridge, Illinois, is the owner of all of the issued and outstanding capital stock of BankFinancial, NA (the “Bank”). The interim unaudited consolidated financial statements include the accounts and transactions of BankFinancial Corporation, the Bank, and the Bank’s wholly-owned subsidiaries, Financial Assurance Services, Inc. and BFIN Asset Recovery Company, LLC (collectively, “the Company”), and reflect all normal and recurring adjustments that are, in the opinion of management, considered necessary for a fair presentation of the financial condition and results of operations for the periods presented. Such adjustments are the only adjustments reflected in the accompanying financial statements. All significant intercompany accounts and transactions have been eliminated. The results of operations for the six month period ended June 30, 2021 are not necessarily indicative of the results of operations that may be expected for the year ending December 31, 2021 or for any other period.

Certain information and note disclosures normally included in financial statements prepared in conformity with accounting principles generally accepted in the United States of America (“US GAAP”) have been condensed or omitted pursuant to the rules and regulations of the Securities and Exchange Commission (“SEC”).

**Use of Estimates:** The preparation of the consolidated financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the amounts reported in the consolidated financial statements and accompanying notes. Although these estimates and assumptions are based on the best available information, actual information, actual results could differ from those estimates.

**COVID-19:** On March 11, 2020, the World Health Organization declared the outbreak of a novel coronavirus (“COVID-19”) as a global pandemic. The declaration of a global pandemic indicates that almost all public commerce and related business activities must be, to varying degrees, curtailed with the goal of decreasing the rate of new infections. The outbreak of COVID-19 has adversely impacted, and could further adversely impact, a broad range of industries in which the Company’s customers operate and impair their ability to fulfill their financial obligations to the Company. On March 3, 2020, the Federal Open Market Committee reduced the target federal funds rate range by 50 basis points to 1.00% to 1.25%. This rate was further reduced to a target range of 0% to 0.25% on March 16, 2020. These reductions in interest rates and other effects of the COVID-19 outbreak may adversely affect the Company’s financial condition and results of operations. As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen which are likely to negatively impact net interest income and noninterest income. Other financial impacts could occur though such potential impact is unknown at this time.

**Reclassifications:** Certain reclassifications have been made in the prior period’s financial statements to conform them to the current period’s presentation.

These unaudited consolidated financial statements should be read in conjunction with the Company’s Annual Report on Form 10-K for the year ended December 31, 2020, as filed with the Securities and Exchange Commission.

**Newly Issued Not Yet Effective Accounting Standards**

In June 2016, the FASB issued ASU No. 2016-13, “Financial Instruments - Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments” (“ASU 2016-13”). These amendments require the measurement of all expected credit losses for financial assets held at the reporting date based on historical experience, current conditions, and reasonable and supportable forecasts. Financial institutions and other organizations will now use forward-looking information to better inform their credit loss estimates. Many of the loss estimation techniques applied today will still be permitted, although the inputs to those techniques will change to reflect the full amount of expected credit losses. In addition, the ASU amends the accounting for credit losses on available-for-sale debt securities and purchased financial assets with credit deterioration. For SEC filers who are smaller reporting companies, such as the Company, ASU 2016-13 is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2022.

**NOTE 2 - EARNINGS PER SHARE**

Amounts reported in earnings per share reflect earnings available to common stockholders for the period divided by the weighted average number of shares of common stock outstanding during the period.

	Three Months Ended June 30,		Six Months Ended June 30,	
	2021	2020	2021	2020
Net income available to common stockholders	\$ 1,926	\$ 2,352	\$ 3,395	\$ 4,770
Basic and diluted weighted average common shares outstanding	14,433,748	14,978,757	14,577,958	15,092,244
<b>Basic and diluted earnings per common share</b>	<b>\$ 0.13</b>	<b>\$ 0.16</b>	<b>\$ 0.23</b>	<b>\$ 0.32</b>

**BANKFINANCIAL CORPORATION**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
(Table amounts in thousands, except share and per share data)

**NOTE 3 - SECURITIES**

The fair value of securities and the related gross unrealized gains and losses recognized in accumulated other comprehensive income is as follows:

	Amortized Cost	Gross Unrealized Gains	Gross Unrealized Losses	Fair Value
<b>Available-for-Sale Securities</b>				
<b>June 30, 2021</b>				
Certificates of deposit	\$ 10,905	\$ —	\$ —	\$ 10,905
Municipal securities	401	3	—	404
Mortgage-backed securities - residential	5,458	248	—	5,706
Collateralized mortgage obligations - residential	1,863	5	—	1,868
	<u>\$ 18,627</u>	<u>\$ 256</u>	<u>\$ —</u>	<u>\$ 18,883</u>
<b>December 31, 2020</b>				
Certificates of deposit	\$ 15,117	\$ —	\$ —	\$ 15,117
Municipal securities	402	7	—	409
Mortgage-backed securities - residential	5,826	282	—	6,108
Collateralized mortgage obligations - residential	2,193	3	(1)	2,195
	<u>\$ 23,538</u>	<u>\$ 292</u>	<u>\$ (1)</u>	<u>\$ 23,829</u>

Mortgage-backed securities and collateralized mortgage obligations reflected in the preceding table were issued by U.S. government-sponsored entities and agencies, Freddie Mac, Fannie Mae and Ginnie Mae, and are obligations which the government has affirmed its commitment to support.

The amortized cost and fair values of securities available-for-sale by contractual maturity are shown below. Securities not due at a single maturity date are shown separately. Expected maturities may differ from contractual maturities because borrowers may have the right to call or prepay obligations with or without call or prepayment penalties.

	June 30, 2021	
	Amortized Cost	Fair Value
Due in one year or less	\$ 11,306	\$ 11,309
Mortgage-backed securities - residential	5,458	5,706
Collateralized mortgage obligations - residential	1,863	1,868
	<u>\$ 18,627</u>	<u>\$ 18,883</u>

Investment securities available-for-sale with carrying value of \$1.2 million at June 30, 2021 and December 31, 2020, were pledged as collateral on customer repurchase agreements and for other purposes as required or permitted by law.

Securities available-for-sale with unrealized losses not recognized in income are as follows:

	Less than 12 Months			12 Months or More			Total		
	Count	Fair Value	Unrealized Loss	Count	Fair Value	Unrealized Loss	Count	Fair Value	Unrealized Loss
<b>December 31, 2020</b>									
Collateralized mortgage obligations - residential	—	\$ —	\$ —	3	\$ 1,588	\$ (1)	3	\$ 1,588	\$ (1)

The Company evaluates marketable investment securities with significant declines in fair value on a quarterly basis to determine whether they should be considered other-than-temporarily impaired under current accounting guidance, which generally provides that if a marketable security is in an unrealized loss position, whether due to general market conditions or industry or issuer-specific factors, the holder of the securities must assess whether the impairment is other-than-temporary.

There were no unrealized loss positions at June 30, 2021. Certain collateralized mortgage obligations that the Company holds in its investment portfolio were in an unrealized loss position at December 31, 2020, but the unrealized loss was not considered significant under the Company's impairment testing methodology. In addition, the Company does not intend to sell these securities, and it is likely that the Company will not be required to sell these securities before their anticipated recovery occurs.

**BANKFINANCIAL CORPORATION**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
(Table amounts in thousands, except share and per share data)

**NOTE 4 - LOANS RECEIVABLE**

Loans receivable are as follows:

	June 30, 2021	December 31, 2020
One-to-four family residential real estate	\$ 34,762	\$ 41,691

			<u>\$ 2,869</u>	<u>\$ 2,534</u>	<u>\$ 363</u>	<u>\$ 28</u>	<u>\$ 2,665</u>	<u>\$ 73</u>

**Nonaccrual Loans**

The following tables present the recorded investment in nonaccrual and loans 90 days or more past due still on accrual by class of loans:

	Loan Balance	Recorded Investment	Loans Past Due Over 90 Days, Still Accruing
<b>June 30, 2021</b>			
One-to-four family residential real estate	\$ 618	\$ 588	\$ —
Nonresidential real estate	280	296	—
	<u>\$ 898</u>	<u>\$ 884</u>	<u>\$ —</u>
<b>December 31, 2020</b>			
One-to-four family residential real estate	\$ 946	\$ 925	\$ —
Nonresidential real estate	280	296	—
	<u>\$ 1,226</u>	<u>\$ 1,221</u>	<u>\$ —</u>

Nonaccrual loans and impaired loans are defined differently. Some loans may be included in both categories, and some loans may only be included in one category. Nonaccrual loans include both smaller balance homogeneous loans that are collectively evaluated for impairment and individually classified impaired loans.

The Company's reserve for uncollected loan interest was \$129,000 and \$133,000 at June 30, 2021 and December 31, 2020, respectively. When a loan is on nonaccrual status and the ultimate collectability of the total principal of an impaired loan is in doubt, all payments are applied to principal under the cost recovery method. Alternatively, when a loan is on nonaccrual status but there is doubt concerning only the ultimate collectability of interest, contractual interest is credited to interest income only when received, under the cash basis method pursuant to the provisions of FASB ASC 310-10, as applicable. In all cases, the average balances are calculated based on the month-end balances of the financing receivables within the period reported pursuant to the provisions of FASB ASC 310-10, as applicable.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
(Table amounts in thousands, except share and per share data)

**NOTE 4 - LOANS RECEIVABLE** (continued)**U.S. Small Business Administration Paycheck Protection Program ("PPP")**

In response to the COVID-19 pandemic, the Coronavirus Aid, Relief and Economic Security Act ("CARES Act") was passed by Congress and signed into law on March 27, 2020. The CARES Act established the Paycheck Protection Program loan, designed to provide a direct incentive for small businesses to keep their workers on the payroll. Under the most recently published guidance, the U.S. Small Business Administration ("SBA") will forgive PPP loans if all employee retention criteria are met, and the funds are used for eligible expenses.

The following table presents the PPP activity:

	Three Months Ended June 30,		For the Six Months Ended June 30,	
	2021	2020	2021	2020
Paycheck protection program:				
Number of loans originated	45	305	238	305
Loan balance originations	\$ 1,511	\$ 11,024	\$ 10,135	\$ 11,024
Loan balance forgiven	\$ 1,834	\$ 117	\$ 9,737	\$ 117
		<b>June 30, 2021</b>		<b>December 31, 2020</b>
Paycheck protection program loans				
Number of loans		248		290
Loan balance		\$ 10,579		\$ 10,180

**COVID-19 Loan Forbearance Programs**

Section 4013 of the CARES Act provides that a qualified loan modification is exempt by law from classification as a Troubled Debt Restructuring ("TDR") pursuant to US GAAP. In addition, the Revised Interagency Statement on Loan Modifications and Reporting for Financial Institutions Working With Customers Affected by the Coronavirus ("OCC Bulletin 2020-50") provides more limited circumstances in which a loan modification is not subject to classification as a TDR and also defines the circumstances where the borrower's loan is reported as current on loan payments. Pursuant to these new capabilities, we developed several loan forbearance programs to assist borrowers with managing cash flows disrupted due to COVID-19.

Our Apartment and Commercial Real Estate COVID-19 Qualified Limited Forbearance Agreement permitted borrowers who qualified under Section 4013 of the CARES Act to make an election to pay only scheduled interest and escrow payments (if applicable) for a four-month period beginning in April 2020, and to pay all deferred principal payments by December 2020.

Our Small Investment Property COVID-19 Qualified Limited Forbearance Agreement permitted borrowers with loan balances under \$750,000 who qualified under Section 4013 of the CARES Act to make an election to pay only scheduled interest and escrow payments (if applicable) for a four-month period beginning in April 2020, and to pay all deferred principal payments by December 2020. In addition, the borrower could elect to defer the May 2020 loan payment entirely, with all deferred interest amounts due by December 2020 and all deferred principal amounts due by June 30, 2021.

CARES Act Section 4013 and OCC Bulletin 2020-35 forbearance agreements are available to qualified commercial loan and commercial finance borrowers, and to commercial equipment lessees.

For residential mortgage and consumer loans, relief under CARES Act Section 4013 or OCC Bulletin 2020-35 forbearance agreements are available to qualified borrowers with terms consistent with secondary residential mortgage market standards established by Fannie Mae.

**BANKFINANCIAL CORPORATION**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
(Table amounts in thousands, except share and per share data)

**NOTE 4 - LOANS RECEIVABLE** (continued)

At June 30, 2021, all loan deferrals in the COVID-19 forbearance program have been paid in full.

The following table summarizes the remaining loan forbearance modifications as of December 31, 2020:

	<u>Number of loans</u>	<u>Principal Balance</u>	<u>Remaining Amounts Deferred</u>
<b>Small Investment Property COVID-19 Qualified Limited Forbearance Agreement</b>			
Multi-family mortgage	8	\$ 3,092	\$ 17
Nonresidential real estate	10	3,363	22
<b>Apartment and Commercial Real Estate COVID-19 Qualified Limited Forbearance Agreement</b>			
Nonresidential real estate	2	2,480	6
<b>One-to-four family residential real estate</b>	<u>10</u>	<u>1,402</u>	<u>8</u>
	<u>30</u>	<u>\$ 10,337</u>	<u>\$ 53</u>

**Troubled Debt Restructurings**

The Company evaluates loan extensions or modifications not qualified under Section 4013 of the CARES Act or under OCC Bulletin 2020-35 in accordance with FASB ASC 340-10 with respect to the classification of the loan as a TDR.

Under ASC 340-10, if the Company grants a loan extension or modification to a borrower experiencing financial difficulties for other than an insignificant period of time that includes a below-market interest rate, principal forgiveness, payment forbearance or other concession intended to minimize the economic loss to the Company, the loan extension or loan modification is classified as a TDR. In cases where borrowers are granted new terms that provide for a reduction of either interest or principal then due and payable, management measures any impairment on the restructured loan in the same manner as for impaired loans as noted above.

The Company had no TDRs at June 30, 2021 and December 31, 2020. During the three and six months ended June 30, 2021 and 2020, there were no loans modified and classified as TDRs. During the three and six months ended June 30, 2021 and 2020, there were no TDR loans that subsequently defaulted within twelve months of their modification.

A loan is considered to be in payment default once it is 90 days contractually past due under the modified terms.

To determine whether a borrower is experiencing financial difficulty, an evaluation is performed of the probability that the borrower will be in payment default on any of its debt in the foreseeable future without the modification. This evaluation is performed under the Company's internal underwriting policy.

**BANKFINANCIAL CORPORATION**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
(Table amounts in thousands, except share and per share data)

**NOTE 4 - LOANS RECEIVABLE** (continued)**Credit Quality Indicators**

The Company categorizes loans into risk categories based on relevant information about the ability of borrowers to service their debt, including current financial information, historical payment experience, credit documentation, public information, and current economic trends, among other factors. The Company analyzes loans individually by classifying the loans based on credit risk. This analysis includes non-homogeneous loans, such as commercial and commercial real estate loans. This analysis is performed on a monthly basis. The Company uses the following definitions for risk ratings:

**Special Mention.** A Special Mention asset has potential weaknesses that deserve management's close attention. If left uncorrected, these potential weaknesses may result in deterioration of the repayment prospects for the asset or in the institution's credit position at some future date. Special Mention assets are not adversely classified and do not expose an institution to sufficient risk to warrant adverse classification.

**Substandard.** Loans categorized as Substandard continue to accrue interest, but exhibit a well-defined weakness or weaknesses that may jeopardize the liquidation of the debt. The loans continue to accrue interest because they are well secured and collection of principal and interest is expected within a reasonable time. The risk rating guidance published by the Office of the Comptroller of the Currency clarifies that a loan with a well-defined weakness does not have to present a probability of default for the loan to be rated Substandard, and that an individual loan's loss potential does not have to be distinct for the loan to be rated Substandard.

**Nonaccrual.** An asset classified Nonaccrual has all the weaknesses inherent in one classified Substandard with the added characteristic that the weaknesses make collection or liquidation in full, on the basis of currently existing facts, conditions, and values, highly questionable and improbable.

Loans not meeting the criteria above that are analyzed individually as part of the above described process are considered "Pass" rated loans.

Based on the most recent analysis performed, the risk categories of loans by class of loans are as follows:

	Pass	Special Mention	Substandard	Nonaccrual	Total
<b>June 30, 2021</b>					
One-to-four family residential real estate loans:					
Owner occupied	\$ 26,785	\$ —	\$ 275	\$ 588	\$ 27,648

**NOTE 5 - FORECLOSED ASSETS**

Real estate that is acquired through foreclosure or a deed in lieu of foreclosure is classified as other real estate owned ("OREO") until it is sold. When real estate is acquired through foreclosure or by deed in lieu of foreclosure, it is recorded at its fair value, less the estimated costs of disposal. If the fair value of the property is less than the loan balance, the difference is charged against the allowance for loan losses.

Assets are classified as foreclosed when physical possession of the collateral is taken regardless of whether foreclosure proceedings have taken place. Other foreclosed assets received in satisfaction of borrowers debt are initially recorded at fair value of the asset less estimated costs to sell.

	June 30, 2021			December 31, 2020		
	Balance	Valuation Allowance	Net Balance	Balance	Valuation Allowance	Net Balance
Other real estate owned:						
One-to-four family residential	\$ 447	\$ (112)	\$ 335	\$ 157	\$ —	\$ 157

**BANKFINANCIAL CORPORATION**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
(Table amounts in thousands, except share and per share data)

**NOTE 5 - FORECLOSED ASSETS** (continued)

Activity in the valuation allowance is as follows:

	For the Three Months Ended June 30,		For the Six Months Ended June 30,	
	2021	2020	2021	2020
Beginning balance	\$ —	\$ —	\$ —	\$ —
Additions charged to expense	281	—	281	—
Reductions from sales	—	—	—	—
Ending balance	<u>\$ 281</u>	<u>\$ —</u>	<u>\$ 281</u>	<u>\$ —</u>

There were no valuation allowances at December 31, 2020.

At June 30, 2021 and December 31, 2020, the balance of OREO includes no foreclosed residential real estate properties recorded as a result of obtaining physical possession of the property without title. At June 30, 2021 and December 31, 2020, the recorded investment of consumer mortgage loans secured by residential real estate properties for which formal foreclosure proceedings were in process was \$108,000 and \$187,000, respectively. The other foreclosed assets consist of non real estate collateral repossessed related to a previously classified Chicago area commercial loan.

**NOTE 6 - LEASES**

<b>Operating Lease Liabilities:</b>			
Right of use lease obligations	Other liabilities	<u>\$ 5,460</u>	<u>\$ 5,075</u>

Amortization expense was \$260,000 and \$221,000 for the three months ended June 30, 2021 and 2020, respectively, and \$481,000 and \$439,000 for the six months ended June 30, 2021 and 2020, respectively. At June 30, 2021, the weighted-average remaining lease term for the operating leases was 7.3 years and the weighted-average discount rate used in the measurement of operating lease liabilities was 2.83%. The Company utilized the FHLB fixed rate advance rate for the term most closely aligning with the remaining lease term at inception.

**BANKFINANCIAL CORPORATION**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
(Table amounts in thousands, except share and per share data)

**NOTE 7 - BORROWINGS AND SUBORDINATED NOTES**

Borrowings and Subordinated Notes were as follows:

	June 30, 2021		December 31, 2020	
	Contractual Rate	Amount	Contractual Rate	Amount
Fixed-rate advance from FHLB, due May 9, 2022	—%	\$ 5,000	—%	\$ 4,000
Subordinated Notes, due May 15, 2031	3.75%	19,568	—%	—
Line of credit, due March 31, 2022	2.50%	—	2.50%	—

On April 14, 2021, the Company entered into Subordinated Note Purchase Agreements (collectively, the “Purchase Agreement”) with certain qualified institutional buyers and accredited investors (the “Purchasers”) pursuant to which the Company sold and issued \$20.0 million in aggregate principal amount of its 3.75% Fixed-to-Floating Rate Subordinated Notes due May 15, 2031 (the “Notes”).

The Company incurred \$441,000 of issuance costs associated with the Subordinated Notes. These will be amortized over the 10-year life of the Notes. At June 30, 2021, there were \$432,000 in remaining unamortized costs and is presented as a reduction of the principal amount within Subordinated Notes.

The Notes bear interest at a fixed annual rate of 3.75%, from and including the date of issuance to but excluding May 15, 2026, payable semi-annually in arrears. From and including May 15, 2026 to, but excluding the maturity date or early redemption date, the interest rate will reset quarterly to an interest rate per annum equal to Three-Month Term SOFR (as defined in the Note) plus 299 basis points, payable quarterly in arrears. As provided in the Notes, under specified conditions the interest rate on the Notes during the applicable floating rate period may be determined based on a rate other than Three-Month Term SOFR. The Notes have a stated maturity date of May 15, 2031 and are redeemable, in whole or in part, on May 15, 2026, on any interest payment date thereafter, and at any time upon the occurrence of certain events.

Principal and interest on the Notes are subject to acceleration only in limited circumstances in the case of certain bankruptcy and insolvency-related events with respect to the Company. The Notes are unsecured, subordinated obligations of the Company and generally rank junior in right of payment to the Company’s current and future senior indebtedness. The Notes qualify as Tier 2 capital of the Company for regulatory capital purposes.

In 2020, the Company established a \$5.0 million unsecured line of credit with a correspondent bank. Interest is payable at a rate of Prime Rate as published in the Wall Street Journal rate minus 0.75%, with a minimum rate of 2.40%. The line of credit was extended and will mature on March 31, 2022. The line of credit had no outstanding balance at June 30, 2021 and December 31, 2020.

**NOTE 8 – FAIR VALUE**

Fair value is the exchange price that would be received for an asset or paid to transfer a liability (exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. There are three levels of inputs that may be used to measure fair values:

- Level 1 – Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.
- Level 2 – Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
- Level 3 – Significant unobservable inputs that reflect a company’s own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The Company used the following methods and significant assumptions to estimate the fair value of each type of financial instrument:

**Securities:** The fair values of debt securities are generally determined by matrix pricing, which is a mathematical technique widely used in the industry to value debt securities without relying exclusively on quoted prices for the specific securities, but rather by relying on the securities’ relationship to other benchmark quoted securities (Level 2).

**BANKFINANCIAL CORPORATION**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
(Table amounts in thousands, except share and per share data)

**NOTE 8 - FAIR VALUE** (continued)

**Impaired loans:** The fair value of impaired loans with specific allocations of the allowance for loan losses is generally based on recent real estate appraisals. These appraisals may utilize a single valuation approach or a combination of approaches including comparable sales and the income approach. Adjustments are routinely made in the appraisal process by the independent appraisers to adjust for differences between the comparable sales and income data available for similar loans and collateral underlying such loans. Non-real estate collateral may be valued using an appraisal, net book value per the borrower's financial statements, or aging reports, adjusted or discounted based on management's historical knowledge, changes in market conditions from the time of the valuation, and management's expertise and knowledge of the client and client's business, resulting in a Level 3 fair value classification. Impaired loans are evaluated on a quarterly basis for additional impairment and adjusted in accordance with the allowance policy.

**Foreclosed assets:** Assets acquired through or instead of loan foreclosure are initially recorded at fair value less costs to sell when acquired, establishing a new cost basis. These assets are subsequently accounted for at lower of cost or fair value less estimated costs to sell. Fair value is commonly based on recent real estate appraisals which are updated no less frequently than annually. These appraisals may utilize a single valuation approach or a combination of approaches including comparable sales and the income approach with data from comparable properties. Adjustments are routinely made in the appraisal process by the independent appraisers to adjust for differences between the comparable sales and income data available. Foreclosed assets are evaluated on a quarterly basis for additional impairment and adjusted accordingly.

The following table sets forth the Company's financial assets that were accounted for at fair value and are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

	Fair Value Measurements Using			Fair Value

(Table amounts in thousands, except share and per share data)

**NOTE 8 - FAIR VALUE** (continued)

Impaired loans, which are measured for impairment using the fair value of the collateral for collateral-dependent loans, had a carrying amount of \$296,000, with a valuation allowance of \$28,000 at June 30, 2021 and December 31, 2020. There was no change in the provision for loan losses of \$28,000 for the three and six months ended June 30, 2021, compared to no specific provision for loan losses for the three and six months ended June 30, 2020.

Foreclosed assets are carried at the lower of cost or fair value less costs to sell. At June 30, 2021 foreclosed assets had a carrying value of \$2.0 million less a valuation allowance of \$281,000, or \$1.7 million. At December 31, 2020, there were no foreclosed assets with valuation allowances. There were \$281,000 of valuation adjustments of foreclosed assets recorded in the three and six months ended June 30, 2021, compared to no valuation adjustment recorded for the three or six months ended June 30, 2020.

The following table presents quantitative information, based on certain empirical data with respect to Level 3 fair value measurements for financial instruments measured at fair value on a non-recurring basis:

	Fair Value	Valuation Technique(s)	Significant Unobservable Input(s)	Range (Weighted Average)
<b>June 30, 2021</b>				
Impaired loans - nonresidential real estate	\$ 268	Sales comparison	Discount applied to valuation	22.0%
Foreclosed assets:				
One-to-four family residential	\$ 258	Sales comparison	Discount applied to valuation	19.9%
Nonresidential real estate	140	Sales comparison	Discount applied to valuation	11.8%
Other foreclosed assets	1,170	Redemption value	Discount applied to valuation	26.6%
	<u>\$ 1,568</u>			
<b>December 31, 2020</b>				
Impaired loans - nonresidential real estate	\$ 268	Sales comparison	Discount applied to valuation	22.0%

**NOTE 8 - FAIR VALUE** (continued)

**Loans:** The exit price observations are obtained from an independent third-party using its proprietary valuation model and methodology and may not reflect actual or prospective market valuations. The valuation is based on the probability of default, loss given default, recovery delay, prepayment, and discount rate assumptions.

While the above estimates are based on management's judgment of the most appropriate factors, as of the balance sheet date, there is no assurance that the estimated fair values would have been realized if the assets were disposed of or the liabilities settled at that date, since market values may differ depending on the various circumstances. The estimated fair values would also not apply to subsequent dates.

In addition, other assets and liabilities that are not financial instruments, such as premises and equipment, are not included in the above disclosures.

**NOTE 9 – REVENUE FROM CONTRACTS WITH CUSTOMERS**

All of the Company's revenue from contracts with customers within the scope of ASC 606 is recognized within noninterest income. The following table presents the Company's sources of noninterest income. Items outside of the scope of the ASC 606 are noted as such.

	<b>Three Months Ended</b>		<b>Six Months Ended</b>	
	<b>June 30,</b>		<b>June 30,</b>	
	<b>2021</b>	<b>2020</b>	<b>2021</b>	<b>2020</b>

<b>Total noninterest income</b>	<b>\$ 1,426</b>	<b>\$ 1,163</b>	<b>\$ 2,684</b>	<b>\$ 2,561</b>

(1) Not within the scope of ASC 606

A description of the Company's revenue streams accounted for under ASC 606 follows:

**Deposit service charges and fees:** The Company earns fees from its deposit customers based on specific types of transactions, account maintenance and overdraft services. Transaction-based fees, which include services such as ATM use fees, stop payment charges, statement rendering, and ACH fees, are recognized at the time the transaction is executed as that is the point in time the Company fulfills the customer's request. Account maintenance fees, which relate primarily to monthly maintenance, are earned over the course of a month, representing the period over which the Company satisfies the performance obligation. Overdraft fees are recognized at the point in time that the overdraft occurs. Service charges on deposits are withdrawn from the customer's account balance.

**Interchange income:** The Company earns interchange fees from debit cardholder transactions conducted through the Visa payment network. Interchange fees from cardholder transactions represent a percentage of the underlying transaction value and are recognized daily, concurrently with the transaction processing services provided to the cardholder. Interchange income is included in deposit service charges and fees. Interchange income was \$435,000 and \$343,000 for the three months ended June 30, 2021 and 2020, respectively. Interchange income was \$816,000 and \$694,000 for the six months ended June 30, 2021 and 2020, respectively.

**Trust and insurance commissions and annuities income:** The Company earns trust, insurance commissions and annuities income from its contracts with trust customers to manage assets for investment, and/or to transact on their accounts. These fees are primarily earned over time as the Company provides the contracted monthly or quarterly services and are generally assessed based on a tiered scale of the market value of assets under management (AUM) at month-end. Fees that are transaction based, including trade execution services, are recognized at the point in time that the transaction is executed, *i.e.*, the trade date. Other related services provided include fees the Company earns, which are based on a fixed fee schedule, are recognized when the services are rendered.

**Gains/losses on sales of foreclosed assets and other assets:** The Company records a gain or loss from the sale of foreclosed assets and other assets when control of the property transfers to the buyer, which generally occurs at the time of an executed deed. When the Company finances the sale of foreclosed assets to the buyer, the Company assesses whether the buyer is committed to perform their obligations under the contract and whether collectability of the transaction price is probable. Once these criteria are met, the foreclosed assets asset is derecognized and the gain or loss on sale is recorded upon the transfer of control of the property to the buyer. In determining the gain or loss on the sale, the Company adjusts the transaction price and related gain (loss) on sale if a significant financing component is present. Foreclosed assets sales for the three and six months ended June 30, 2021 and 2020 were not financed by the Company.

**ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS****Cautionary Statement Regarding Forward-Looking Information****Forward Looking Statements**

This Quarterly Report on Form 10-Q contains, and other periodic and current reports, press releases and other public stockholder communications of BankFinancial Corporation may contain, forward-looking statements within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended, that involve significant risks and uncertainties. Forward-looking statements may include statements relating to our future plans, strategies and expectations, as well as our future revenues, earnings, losses, financial performance, financial condition, asset quality metrics and future prospects. Forward looking statements are generally identifiable by use of the words "believe," "may," "will," "should," "could," "expect," "estimate," "intend," "anticipate," "preliminary," "project," "plan," or similar expressions. Forward looking statements speak only as of the date made. They are frequently based on assumptions that may or may not materialize, and are subject to numerous uncertainties that could cause actual results to differ materially from those anticipated in the forward looking statements. We intend all forward-looking statements to be covered by the safe harbor provisions for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995, and are including this statement for the purpose of invoking these safe harbor provisions.

Factors that could cause actual results to differ materially from the results anticipated or projected and which could materially and adversely affect our operating results, financial condition or future prospects include, but are not limited to: (i) less than anticipated loan growth due to intense competition for loans and leases, particularly in terms of pricing and credit underwriting, or a dearth of borrowers who meet our underwriting standards, or the COVID-19 pandemic and the related adverse local and national economic consequences; (ii) the impact of re-pricing and competitors' pricing initiatives on loan and deposit products; (iii) interest rate movements and their impact on the economy, customer behavior and our net interest margin; (iv) adverse economic conditions in general, or specific events such as the COVID-19 pandemic or terrorism, and in the markets in which we lend that could result in increased delinquencies in our loan portfolio or a decline in the value of our investment securities and the collateral for our loans; (v) declines in real estate values that adversely impact the value of our loan collateral, OREO, asset dispositions and the level of borrower equity in their investments; (vi) borrowers that experience legal or financial difficulties that we do not currently foresee; (vii) results of supervisory monitoring or examinations by regulatory authorities, including the possibility that a regulatory authority could, among other things, require us to increase our allowance for loan losses or adversely change our loan classifications, write-down assets, reduce credit concentrations or maintain specific capital levels; (viii) changes, disruptions or illiquidity in national or global financial markets; (ix) the credit risks of lending activities, including risks that could cause changes in the level and direction of loan delinquencies and charge-offs or changes in estimates relating to the computation of our allowance for loan losses; (x) monetary and fiscal policies of the U.S. Government, including policies of the U.S. Treasury and the Federal Reserve Board; (xi) factors affecting our ability to access deposits or cost-effective funding, and the impact of competitors' pricing initiatives on our deposit products; (xii) legislative or regulatory changes, that have an adverse impact on our products, services, operations and operating expenses; (xiii) higher federal deposit insurance premiums; (xiv) higher than expected overhead, infrastructure and compliance costs; (xv) changes in accounting or tax principles, policies or guidelines; (xvi) the effects of any federal government shutdown; and (xvii) privacy and cybersecurity risks, including the risks of business interruption and the compromise of confidential customer information resulting from intrusions.

These risks and uncertainties, together with the Risk Factors and other information set forth in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2020, as well as Part II, Items 1A of our subsequent Quarterly Reports on Form 10-Q, and other filings we make with the SEC, should be considered in evaluating forward-looking statements and undue reliance should not be placed on such statements. Forward looking statements speak only as of the date they are made. We do not undertake any obligation to update any forward-looking statement in the future, or to reflect circumstances and events that occur after the date on which the forward-looking statement was made.

**Critical Accounting Policies**

Critical accounting policies are defined as those that are reflective of significant judgments and uncertainties, and could potentially result in materially different results under different assumptions and conditions. We believe that the most critical accounting policies upon which our financial condition and results of operation depend, and which involve the most complex subjective decisions or assessments, are included in the discussion entitled "Critical Accounting Policies" in Item 7, "Management's Discussion and Analysis of Financial Condition and Results of Operations," in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2020, as filed with the SEC.

**Overview**

We reported net income of \$1.9 million, or \$0.13, per common share for the quarter ended June 30, 2021. At June 30, 2021, the Company had total assets of \$1.657 billion, total loans of \$1.032 billion, total deposits of \$1.439 billion and stockholders' equity of \$166 million.

Total net loans increased by \$3.3 million for the quarter ended June 30, 2021, primarily due to continued strong originations of middle-market, small-ticket and corporate commercial equipment finance transactions and increased utilization of commercial lessor finance lines of credit. Total commercial loans and leases increased by \$24.8 million (5.6%) for the quarter ended June 30, 2021, compared to an increase of \$37.6 million (9.3%) for the quarter ended March 31, 2021. The total balance of SBA Paycheck Protection Program (PPP) commercial loans was \$10.6 million at June 30, 2021, as we originated \$1.5 million in new PPP loans and we received \$1.8 million in PPP forgiveness and other payments for the quarter. Multi-family mortgages declined by \$6.2 million (1.4%) as increased loan originations nearly offset slightly reduced loan payoffs. Nonresidential real estate declined by \$12.1 million (10.8%) due to our continued reduction of exposures to certain collateral primarily dependent on retail/restaurant rental income, and also due to the sale of an industrial property related to a liquidated business.

Total deposits increased by \$16.5 million during the three months ended June 30, 2021, primarily due to a \$28.2 million increase in core retail and business deposits, partially offset by a \$9.9 million decrease in retail certificates of deposit.

Net interest income increased by \$195,000 due to an increase in average loans for the three month period and revenues related to PPP loan forgiveness. Interest expense increased by \$54,000 primarily due to \$170,000 of Subordinated Notes interest expense, which commenced in April 2021, partially offset by a reduction in the cost of deposits. Net interest income after recovery of loan losses increased by \$538,000, primarily due to total recoveries of \$146,000 of previously charged off loans and a \$678,000 reduction in the general allowance for losses on loans and leases due to improved asset quality and inherent credit risk factors. Noninterest income increased by \$168,000 primarily due to increased fees on retail deposit accounts, loan fees, trust fees, and other fees, partially offset by a seasonal reduction in insurance commission income. Noninterest expenses increased \$54,000 due to increased compensation for commercial finance, equipment finance and multi-family real estate loan personnel and a \$179,000 increase in foreclosed assets expense.

The Company's ratio of nonperforming loans to total loans was 0.09%. Nonperforming commercial-related loans represented 0.03% of total commercial-related loans at June 30, 2021. The ratio of nonperforming assets to total assets decreased to 0.16% at June 30, 2021, due to a substantial reduction of \$4.3 million of collateral repossessed related to a previously classified Chicago commercial loan in the first quarter of 2021. Our allowance for loan losses decreased to 0.66% of total loans as of June 30, 2021.

The Company's capital position remained strong, with a Tier 1 leverage ratio of 10.05% at June 30, 2021. The Company repurchased 504,939 of its common shares during the quarter ended June 30, 2021. The Company's book value per common share increased to \$11.79 per share at June 30, 2021.

## SELECTED FINANCIAL DATA

The following summary information is derived from the consolidated financial statements of the Company. For additional information, reference is made to the Consolidated Financial Statements of the Company and related notes included elsewhere in this Quarterly Report.

(1) Ratios annualized.

(2) The net interest rate spread represents the difference between the yield on average interest-earning assets and the cost of average interest-bearing liabilities for the period.

(3) The net interest margin represents net interest income divided by average total interest-earning assets for the period.

(4) The efficiency ratio represents noninterest expense, divided by the sum of net interest income and noninterest income.

(5) Nonperforming assets include nonperforming loans and foreclosed assets.

### Comparison of Financial Condition at June 30, 2021 and December 31, 2020

Total assets increased \$59.8 million, or 3.7%, to \$1.657 billion at June 30, 2021, from \$1.597 billion at December 31, 2020. The increase in total assets was primarily due to increases in cash and cash equivalents and loans receivable. Cash and cash equivalents increased \$32.5 million to \$536.0 million at June 30, 2021, from \$503.5 million at December 31, 2020. Loans increased \$29.6 million, or 3.0%, to \$1.032 billion at June 30, 2021, from \$1.003 billion at December 31, 2020.

Our loan portfolio consists primarily of investment and business loans (multi-family, nonresidential real estate, and commercial loans and leases), which together totaled 96.5% of gross loans at June 30, 2021. During the six months ended June 30, 2021, commercial loans and leases increased by \$62.4 million, or 15.4%. Nonresidential real estate loans decreased \$8.7 million, or 8.0%, while multi-family loans decreased by \$17.6 million, or 3.9%. The increase in commercial loans and leases was primarily due to \$61.1 million of government equipment finance originations as well as \$10.1 million of Paycheck Protection Program loan originations.

Our primary lending area consists of the counties in the State of Illinois where our branch offices are located, and contiguous counties. We derive the most significant portion of our revenues from these geographic areas. We also engage in multi-family mortgage lending activities in carefully selected metropolitan areas outside our primary lending area and engage in certain types of commercial lending and leasing activities on a nationwide basis. At June 30, 2021, \$221.6 million, or 51.0%, of our multi-family mortgage loans were in the Metropolitan Statistical Area for Chicago, Illinois; \$92.3 million, or 21.2%, were in Texas; \$40.3 million, or 9.3%, were in Colorado; and \$39.9 million, or 9.2%, were in Florida. This information reflects the location of the collateral for the loan and does not necessarily reflect the location of the borrowers.

Total liabilities increased \$66.3 million, or 4.7%, to \$1.490 billion at June 30, 2021, from \$1.424 billion at December 31, 2020, due to an increase in total deposits and the issuance of \$20.0 million of Subordinated Notes. Total deposits increased \$45.0 million, or 3.2%, to \$1.439 billion at June 30, 2021, from \$1.394 billion at December 31, 2020. Interest-bearing NOW accounts increased \$31.9 million, or 9.5%, to \$368.9 million at June 30, 2021, from \$337.0 million at December 31, 2020. Money market accounts increased \$25.0 million, or 8.4%, to \$322.8 million at June 30, 2021, from \$297.8 million at December 31, 2020. Savings accounts increased \$17.1 million, or 9.5%, to \$196.7 million at June 30, 2021, from \$179.6 million at December 31, 2020. Noninterest-bearing demand deposits decreased \$894,000, or 0.3%, to \$325.3 million at June 30, 2021, from \$326.2 million at December 31, 2020. Retail certificates of deposit decreased \$25.3 million, or 10.3%, to \$220.5 million at June 30, 2021, from \$245.8 million at December 31, 2020 and wholesale certificates of deposit decreased \$2.7 million, or 38.1%, to \$4.4 million at June 30, 2021, from \$7.2 million at December 31, 2020. Core deposits (which consists of savings, money market, noninterest-bearing demand and NOW accounts) represented 84.4% of total deposits at June 30, 2021, compared to 81.8% at December 31, 2020. Borrowings increased by \$1.0 million from the FHLB, by obtaining a FHLB advance of \$5.0 million at zero percent interest rate for a one year term in May 2021. The Company completed the issuance of \$20.0 million of Subordinated Notes in April 2021.

Total stockholders' equity was \$166.4 million at June 30, 2021, compared to \$172.9 million at December 31, 2020. The decrease in total stockholders' equity was primarily due to our repurchase of 651,045 shares of our common stock during the six months ended June 30, 2021 at a total cost of \$6.9 million, and our declaration and payment of cash dividends totaling \$2.9 million during the same period. These reductions in total stockholders' equity were partially offset by the net income of \$3.4 million that the Company recorded for the six months ended June 30, 2021.

### **Operating Results for the Three Months Ended June 30, 2021 and 2020**

**Net Income.** Net income was \$1.9 million for the three months ended June 30, 2021, compared to \$2.4 million for the three months ended June 30, 2020. Earnings per basic and fully diluted share of common stock were \$0.13 for the three months ended June 30, 2021, compared to \$0.16 for the three months ended June 30, 2020.

**Net Interest Income.** Net interest income was \$10.8 million for the three months ended June 30, 2021, compared to \$11.3 million for the three months ended June 30, 2020. The decrease in net interest income reflected a \$1.7 million, or 12.9%, decrease in interest income, partially offset by a \$1.1 million decrease in interest expense.

The decrease in net interest income was due in substantial part to a decrease in the average yield on interest-earning assets, which was partially offset by a decrease in the cost of interest-bearing liabilities and an increase in total average interest-earning assets. Loan interest income for the three months ended June 30, 2021 includes amortized fees of \$112,000 from SBA Paycheck Protection Program loans. Also included in loan interest income was \$164,000 of interest recovered from a previously charged-off commercial loan. We recorded prepayment income of \$148,000 for the three months ended June 30, 2021, compared to \$206,000 for the same period in 2020. The yield on interest-earning assets decreased 67 basis points to 2.93% for the three months ended June 30, 2021, from 3.60% for the three months ended June 30, 2020. The cost of interest-bearing liabilities decreased 44 basis points to 0.26% for the three months ended June 30, 2021, from 0.70% for the same period in 2020. Total average interest-earning assets increased \$97.5 million, or 6.6%, to \$1.573 billion for the three months ended June 30, 2021, from \$1.476 billion for the same period in 2020. Total average interest-bearing liabilities increased \$48.3 million, or 4.5%, to \$1.116 billion for the three months ended June 30, 2021, from \$1.068 billion for the same period in 2020. The increase in interest-bearing liabilities is partly attributable to the Company's issuance of \$20.0 million of Subordinated Notes in April 2021. Our net interest rate spread decreased by 23 basis points to 2.67% for the three months ended June 30, 2021, from 2.90% for the same period in 2020. Our net interest margin decreased by 34 basis points to 2.75% for the three months ended June 30, 2021, from 3.09% for the same period in 2020.

## Average Balance Sheets

The following table sets forth average balance sheets, average yields and costs, and certain other information. No tax-equivalent yield adjustments were made, as the effect of these adjustments would not be material. Average balances are daily average balances. Nonaccrual loans are included in the computation of average balances, but have been reflected in the table as loans carrying a zero yield. The yields set forth below include the effect of deferred fees and expenses and discounts and premiums that are amortized or accreted to interest income or expense.

	For the Three Months Ended June 30,					
	2021			2020

Ratio of interest-earning assets to interest-bearing liabilities	140.97%			138.21%		

(1) Annualized.

(2) Net interest rate spread represents the difference between the yield on average interest-earning assets and the cost of average interest-bearing liabilities.

(3) Net interest-earning assets represents total interest-earning assets less total interest-bearing liabilities.

(4) Net interest margin represents net interest income divided by average total interest-earning assets.

**Provision for Loan Losses**

We establish provisions for loan losses, which are charged to operations in order to maintain the allowance for loan losses at a level we consider necessary to absorb probable incurred credit losses in the loan portfolio. In determining the level of the allowance for loan losses, we consider past and current loss experience, evaluations of real estate collateral, current economic conditions, volume and type of lending, adverse situations that may affect a borrower's ability to repay a loan and the levels of nonperforming and other classified loans. The amount of the allowance is based on estimates and the ultimate losses may vary from such estimates as more information becomes available or events change. We assess the allowance for loan losses on a quarterly basis and make provisions for loan losses in order to maintain the allowance.

A loan balance is classified as a loss and charged-off when it is confirmed that there is no readily apparent source of repayment for the portion of the loan that is classified as loss. Confirmation can occur upon the receipt of updated third-party appraisal valuation information indicating that there is a low probability of repayment upon sale of the collateral, the final disposition of collateral where the net proceeds are insufficient to pay the loan balance in full, our failure to obtain possession of certain consumer-loan collateral within certain time limits specified by applicable federal regulations, the conclusion of legal proceedings where the borrower's obligation to repay is legally discharged (such as a Chapter 7 bankruptcy proceeding), or when it appears that further formal collection procedures are not likely to result in net proceeds in excess of the costs to collect.

We recorded a recovery of loan losses of \$678,000 for the three months ended June 30, 2021, compared to a provision for loan losses of \$42,000 for the same period in 2020. The provision for, or recovery of, loan losses is a function of the allowance for loan loss methodology that we use to determine the appropriate level of the allowance for inherent loan losses after net charge-offs have been deducted. The portion of the allowance for loan losses that is attributable to loans collectively evaluated for impairment decreased \$538,000, or 7.3%, to \$6.8 million at June 30, 2021, from \$7.4 million at March 31, 2021. There were \$28,000 of reserves established for loans individually evaluated for impairment at June 30, 2021 and March 31, 2021. Net recoveries were \$140,000 for the three months ended June 30, 2021, compared to net recoveries of \$2,000 for the three months ended June 30, 2020.

The allowance for loan losses as a percentage of nonperforming loans was 775.68% at June 30, 2021, compared to 634.81% at December 31, 2020.

**Noninterest Income**

	<b>Three Months Ended June 30,</b>		<b>Change</b>
	<b>2021</b>	<b>2020</b>	
	(Dollars in thousands)		
Deposit service charges and fees	\$ 800	\$ 736	\$ 64
Loan servicing fees	141	82	59
Mortgage brokerage and banking fees	5	11	(6)
Trust and insurance commissions and annuities income	283	224	59
Earnings on bank-owned life insurance	30	9	21
Other	167	101	66
<b>Total noninterest income</b>	<b>\$ 1,426</b>	<b>\$ 1,163</b>	<b>\$ 263</b>

Noninterest income increased \$263,000, or 22.6%, for the three months ended June 30, 2021 to \$1.4 million, compared to \$1.2 million for the same period in 2020. Deposit service charges increased \$64,000, or 8.7%, primarily due to increased debit card fees. Loan servicing fees increased \$59,000, or 72.0%, due to the collection of \$61,000 of a release fee from a corporate lessor. Mortgage brokerage and banking fees decreased \$6,000 for the three months ended June 30, 2021, compared to the three months ended June 30, 2020 due to payoffs and paydowns on serviced mortgage loans. Trust and insurance commissions and annuities income increased \$59,000, or 26.3%, to \$283,000 for the three months ended June 30, 2021, from \$224,000 for the three months ended June 30, 2020 due to increased assets under management. Earnings on bank-owned life insurance increased by \$21,000 to \$30,000 for the three months ended June 30, 2021. Other income increased \$66,000, or 65.3%, to \$167,000 for the three months ended June 30, 2021, compared to \$101,000 for the three months ended June 30, 2020, due to the receipt of \$67,000 for the final dissolution of a low-income housing investment.

## Noninterest Expense

	Three Months Ended June 30,		Change
	2021	2020	
	(Dollars in thousands)		
Compensation and benefits	\$ 5,558	\$ 5,168	\$ 390
Office occupancy and equipment	1,951	1,723	228
Advertising and public relations	179	118	61
Information technology	653	808	(155)
Professional fees	343	289	54
Supplies, telephone and postage	442	284	158
Amortization of intangibles	—	7	(7)
Nonperforming asset management	8	57	(49)
Operations of foreclosed assets, net	232	7	225
FDIC insurance premiums	114	102	12
Other	761	686	75
<b>Total noninterest expense</b>	<b>\$ 10,241</b>	<b>\$ 9,249</b>	<b>\$ 992</b>

Noninterest expense increased by \$992,000, or 10.7%, to \$10.2 million for the three months ended June 30, 2021, from \$9.2 million for the same period in 2020. The increase in noninterest expense was due in substantial part to increases in compensation and benefits expense, office occupancy and equipment expense, professional fees, supplies, telephone and postage expense, and expense for operations of foreclosed assets, partially offset by a decrease in information technology expense. Compensation and benefits expense increased \$390,000, or 7.5%; primarily due to an increase in full time equivalent employees (FTE's). There were 218 FTE's at June 30, 2021, compared to 199 FTE's at June 30, 2020. Office occupancy and equipment increased \$228,000, or 13.2%, primarily due to increased real estate tax expense, rent expense and expenses related to COVID-19 cleaning and sanitation. Information technology expense decreased \$155,000, or 19.2%, to \$653,000 for the three months ended June 30, 2021, from \$808,000 for the same period in 2020, primarily due to the renegotiation of technology contracts as we continue to upgrade our system and implement cybersecurity measures. Professional fees increased \$54,000, or 18.7%, for the three months ended June 30, 2021, primarily due to increases in consulting and placement fees. Telephone expense increased \$158,000 due to the upgrade and conversion of our telephone and data systems. Operations of foreclosed assets was \$232,000 for the three months ended June 30, 2021, an increase from \$7,000 over the same period in 2020, primarily due to the recording of a \$281,000 valuation of foreclosed assets, partially offset by \$51,000 of gains on sales of foreclosed assets that we recorded for the three months ended June 30, 2021. Other noninterest expense increased \$75,000, or 10.9%, to \$761,000 for the three months ended June 30, 2021, from \$686,000 for the three months ended June 30, 2020, primarily due to increases in loan expenses, courier costs, ATM expenses and recruiting expenses.

## Income Taxes

We recorded income tax expense of \$712,000 for the three months ended June 30, 2021, compared to \$845,000 for the three months ended June 30, 2020. Our combined state and federal effective tax rate for the three months ended June 30, 2021 was 27.0%, compared to 26.4% for the three months ended June 30, 2020. During the second quarter 2021, Illinois Senate Bill 2017 was passed which created a temporary limitation on Illinois net operating loss ("NLD") carryforward utilization. For tax years 2021, 2022, and 2023, Corporations are limited to applying a maximum of \$100,000 of Illinois net operating loss carryforwards to taxable income. Illinois net operating loss carryforwards that are limited during these years have an extended expiration date for the years in which they are limited. The extended expiration of the Company's Illinois net operating loss carryforwards are from 2026 to 2028.

## Operating Results for the Six Months Ended June 30, 2021 and 2020

**Net Income.** Net income was \$3.4 million for the six months ended June 30, 2021, compared to \$4.8 million for the six months ended June 30, 2020. Earnings per basic and fully diluted share of common stock were \$0.23 for the six months ended June 30, 2021, compared to \$0.32 for the six months ended June 30, 2020.

**Net Interest Income.** Net interest income was \$21.4 million for the six months ended June 30, 2021, compared to \$23.3 million for the six months ended June 30, 2020. The decrease in net interest income reflected a \$5.1 million, or 18.3%, decrease in interest income, partially offset by a \$3.2 million, or 69.5%, decrease in interest expense.

The decrease in net interest income was due in substantial part to a decrease in the average yield on interest-earning assets, which was partially offset by an increase in total average interest-earning assets and a decrease in the cost of interest-bearing liabilities. Loan interest income for the six months ended June 30, 2021 includes amortized fees of \$353,000 from SBA Paycheck Protection Program loans. Also included in loan interest income was \$164,000 of interest recovered from a previously charged-off commercial loan. We recorded prepayment income of \$277,000 for the six months ended June 30, 2021, compared to \$308,000 for the same period in 2020. The yield on interest-earning assets decreased 94 basis points to 2.96% for the six months ended June 30, 2021, from 3.90% for the six months ended June 30, 2020. The cost of interest-bearing liabilities decreased 60 basis points to 0.26% for the six months ended June 30, 2021, from 0.86% for the same period in 2020. Total average interest-earning assets increased \$113.4 million, or 7.9%, to \$1.551 billion for the six months ended June 30, 2021, from \$1.438 billion for the same period in 2020. Total average interest-bearing liabilities increased \$36.6 million, or 3.4%, to \$1.098 billion for the six months ended June 30, 2021, from \$1.062 billion for the same period in 2020. The increase in interest-bearing liabilities is attributable to the Company's issuance of \$20.0 million of Subordinated Notes in April 2021. Our net interest rate spread decreased by 34 basis points to 2.70% for the six months ended June 30, 2021, from 3.04% for the same period in 2020. Our net interest margin decreased by 48 basis points to 2.78% for the six months ended June 30, 2021, from 3.26% for the same period in 2020.

## Average Balance Sheets

The following table sets forth average balance sheets, average yields and costs, and certain other information. No tax-equivalent yield adjustments were made, as the effect of these adjustments would not be material. Average balances are daily average balances. Nonaccrual loans are included in the computation of average balances, but have been reflected in the table as loans carrying a zero yield. The yields set forth below include the effect of deferred fees and expenses and discounts and premiums that are amortized or accreted to interest income or expense.

Total interest-bearing liabilities	1,098,286	1,390	0.26	1,061,736	4,553	0.86
Noninterest-bearing deposits	321,754			241,001		
Noninterest-bearing liabilities	24,781			26,403		
Total liabilities	1,444,821			1,329,140		
Equity	171,670			174,368		
Total liabilities and equity	<u>\$ 1,616,491</u>			<u>\$ 1,503,508</u>		
Net interest income		<u>\$ 21,355</u>			<u>\$ 23,294</u>	
Net interest rate spread <sup>(2)</sup>			2.70%			3.04%
Net interest-earning assets <sup>(3)</sup>	<u>\$ 452,788</u>			<u>\$ 375,908</u>		
Net interest margin <sup>(4)</sup>			2.78%			3.26%
Ratio of interest-earning assets to interest-bearing liabilities	141.23%			135.41%		

(1) Annualized.

(2) Net interest rate spread represents the difference between the yield on average interest-earning assets and the cost of average interest-bearing liabilities.

(3) Net interest-earning assets represents total interest-earning assets less total interest-bearing liabilities.

(4) Net interest margin represents net interest income divided by average total interest-earning assets.

**Provision for Loan Losses**

We recorded a recovery of loan losses of \$1.0 million for the six months ended June 30, 2021, compared to a provision for loan losses of \$513,000 for the same period in 2020. The provision for, or recovery of, loan losses is a function of the allowance for loan loss methodology that we use to determine the appropriate level of the allowance for inherent loan losses after net charge-offs have been deducted. The portion of the allowance for loan losses that is attributable to loans collectively evaluated for impairment decreased \$894,000, or 11.6%, to \$6.8 million at June 30, 2021, from \$7.7 million at December 31, 2020. There were \$28,000 of reserves established for loans individually evaluated for impairment at June 30, 2021, compared to no reserves established for loans individually evaluated for impairment at June 30, 2020. Net recoveries were \$119,000 for the six months ended June 30, 2021, compared to net recoveries of \$11,000 for the six months ended June 30, 2020.

The allowance for loan losses as a percentage of nonperforming loans was 775.68% at June 30, 2021, compared to 634.81% at December 31, 2020.

**Noninterest Income**

	<b>Six Months Ended</b>		<b>Change</b>
	<b>June 30,</b>		
	<b>2021</b>	<b>2020</b>	
	(Dollars in thousands)		
Deposit service charges and fees	\$ 1,538	\$ 1,623	\$ (85)
Loan servicing fees	196	145	51
Mortgage brokerage and banking fees	17	40	(23)
Loss on disposal of other assets	—	(2)	2
Trust and insurance commissions and annuities income	617	506	111
Earnings on bank-owned life insurance	51	41	10
Other	265	208	57
<b>Total noninterest income</b>	<b>\$ 2,684</b>	<b>\$ 2,561</b>	<b>\$ 123</b>

Noninterest income increased \$123,000, or 4.8%, for the six months ended June 30, 2021 to \$2.7 million, compared to \$2.6 million for the same period in 2020. Deposit service charges decreased \$85,000, or 5.2%, due to reduced non-sufficient funds returns charges and negative balance fees. Loan servicing fees increased \$51,000, or 35.2%, due to the collection of \$61,000 of a release fee from a corporate lessor. Mortgage brokerage and banking fees decreased \$23,000 for the six months ended June 30, 2021, compared to the six months ended June 30, 2020 due to payoffs and paydowns on serviced mortgages loans. Trust and insurance commissions and annuities income increased \$111,000, or 21.9%, to \$617,000 for the six months ended June 30, 2021, from \$506,000 for the six months ended June 30, 2020 due to increased assets under management. Earnings on bank-owned life insurance increased by \$10,000 to \$51,000 for the six months ended June 30, 2021. Other income increased \$57,000, or 27.4%, to \$265,000 for the six months ended June 30, 2021, compared to \$208,000 for the six months ended June 30, 2020, primarily due to the receipt of \$67,000 for the final dissolution of a low-income housing investment.

## Noninterest Expense

	Six Months Ended June 30,		Change
	2021	2020	
	(Dollars in thousands)		
Compensation and benefits	\$ 11,029	\$ 10,686	\$ 343
Office occupancy and equipment	4,089	3,523	566
Advertising and public relations	375	270	105
Information technology	1,311	1,672	(361)
Professional fees	713	602	111
Supplies, telephone and postage	842	587	255
Amortization of intangibles	7	21	(14)
Nonperforming asset management	49	97	(48)
Operations of foreclosed assets, net	285	(10)	295
FDIC insurance premiums	220	136	84
Other	1,508	1,293	215
<b>Total noninterest expense</b>	<b>\$ 20,428</b>	<b>\$ 18,877</b>	<b>\$ 1,551</b>

Noninterest expense increased by \$1.6 million, or 8.2%, to \$20.4 million for the six months ended June 30, 2021, from \$18.9 million for the same period in 2020. The increase in noninterest expense was due in substantial part to increases in compensation and benefits expense, office occupancy and equipment expense, professional fees, supplies, telephone and postage expense, expense for operations of foreclosed assets and other expense, partially offset by a decrease in information technology expense. Compensation and benefits expense increased \$343,000, or 3.2%; the increase can be attributed to an increase in full time equivalent employees, primarily related to increases in commercial finance, multi-family lending and equipment finance originations staff and also due to restoration of services in certain branch offices. Office occupancy and equipment increased \$566,000, or 16.1%, primarily due to increased real estate tax expense, rent expense, snow removal expense and expense related to COVID-19 cleaning and sanitation. Information technology expense decreased \$361,000, or 21.6%, to \$1.3 million for the six months ended June 30, 2021, from \$1.7 million for the same period in 2020, primarily due to the renegotiation of technology contracts as we continue to upgrade our system and implement cybersecurity measures. Professional fees increased \$111,000, or 18.4%, for the six months ended June 30, 2021, primarily due to increases in consulting and placement fees. Telephone expense increased \$255,000 due to the upgrade and conversion of our telephone and data systems. Operations of foreclosed assets was \$285,000 for the six months ended June 30, 2021, from a credit of \$10,000 for the same period in 2020, primarily due to the recording of a \$281,000 valuation on foreclosed assets, partially offset by \$51,000 of gains on sales of foreclosed assets that we recorded for the six months ended June 30, 2021. FDIC insurance premiums increased \$84,000, to \$220,000 for the six months ended June 30, 2021, compared to \$136,000 for the same period in 2020, due to the receipt of the FDIC's small bank assessment credit in the third quarter of 2019. Other noninterest expense increased \$215,000, or 16.6%, to \$1.5 million for the six months ended June 30, 2021, from \$1.3 million for the six months ended June 30, 2020, primarily due to increased loan expenses and the reversal of a \$116,000 reserve on open commitments for two undrawn letters of credit in 2020.

## Income Taxes

We recorded income tax expense of \$1.2 million for the six months ended June 30, 2021, compared to \$1.7 million for the six months ended June 30, 2020. Our combined state and federal effective tax rate for the six months ended June 30, 2021 was 26.6%, compared to 26.2% for the six months ended June 30, 2020. During the second quarter 2021, Illinois Senate Bill 2017 was passed which created a temporary limitation on Illinois net operating loss ("NLD") carryforward utilization. For tax years 2021, 2022, and 2023, Corporations are limited to applying a maximum of \$100,000 of Illinois net operating loss carryforwards to taxable income. Illinois net operating loss carryforwards that are limited during these years have an extended expiration date for the years in which they are limited. The extended expiration of the Company's Illinois net operating loss carryforwards are from 2026 to 2028.

## Nonperforming Loans and Assets

We review loans on a regular basis, and generally place loans on nonaccrual status when either principal or interest is 90 days or more past due. In addition, we place loans on nonaccrual status when we do not expect to receive full payment of interest or principal. Interest accrued and unpaid at the time a loan is placed on nonaccrual status is reversed from interest income. Interest payments received on nonaccrual loans are recognized in accordance with our significant accounting policies. Once a loan is placed on nonaccrual status, the borrower must generally demonstrate at least six consecutive months of contractual payment performance before the loan is eligible to return to accrual status. We may have loans classified as 90 days or more delinquent and still accruing. Generally, we do not utilize this category of loan classification unless: (1) the loan is repaid in full shortly after the period end date; (2) the loan is well secured and there are no asserted or pending legal barriers to its collection; or (3) the borrower has remitted all scheduled payments and is otherwise in substantial compliance with the terms of the loan, but the processing of loan payments actually received or the renewal of the loan has not occurred for administrative reasons. At June 30, 2021, we had no loans in this category.

We typically obtain new third-party appraisals or collateral valuations when we place a loan on nonaccrual status, conduct impairment testing or conduct a TDR analysis unless the existing valuation information for the collateral is sufficiently current to comply with the requirements of our Appraisal and Collateral Valuation Policy ("ACV Policy"). We also obtain new third-party appraisals or collateral valuations when the judicial foreclosure process concludes with respect to real estate collateral, and when we otherwise acquire actual or constructive title to real estate collateral. In addition to third-party appraisals, we use updated valuation information based on Multiple Listing Service data, broker opinions of value, actual sales prices of similar assets sold by us and approved sales prices in response to offers to purchase similar assets owned by us to provide interim valuation information for consolidated financial statement and management purposes. Our ACV Policy establishes the maximum useful life of a real estate appraisal at 18 months. Because appraisals and updated valuations utilize historical or "ask-side" data in reaching valuation conclusions, the appraised or updated valuation may or may not reflect the actual sales price that we will receive at the time of sale.

Real estate appraisals may include up to three approaches to value: the sales comparison approach, the income approach (for income-producing property) and the cost approach. Not all appraisals utilize all three approaches. Depending on the nature of the collateral and market conditions, we may emphasize one approach over another in determining the fair value of real estate collateral. Appraisals may also contain different estimates of value based on the level of occupancy or planned future improvements. "As-is" valuations represent an estimate of value based on current market conditions with no changes to the use or condition of the real estate collateral. "As-stabilized" or "as-completed" valuations assume the real estate collateral will be improved to a stated standard or achieve its highest and best use in terms of occupancy. "As-stabilized" or "as-completed" valuations may be subject to a present value adjustment for market conditions or the schedule of improvements.

As part of the asset classification process, we develop an exit strategy for real estate collateral and foreclosed assets by assessing overall market conditions, the current use and condition of the asset, and its highest and best use. For most income-producing real estate, we believe that investors value most highly a stable income stream from the asset; consequently, we perform a comparative evaluation to determine whether conducting a sale on an "as-is," "as-stabilized" or "as-completed" basis is most likely to produce the highest net realizable value. If we determine that the "as-stabilized" or "as-completed" basis is appropriate, we then complete the necessary improvements or tenant stabilization tasks, with the applicable time value discount and improvement expenses incorporated into our estimates of the expected costs to sell. As of June 30, 2021, substantially all impaired real estate loan collateral and OREO were valued on an "as-is basis."

Estimates of the net realizable value of real estate collateral also include a deduction for the expected costs to sell the collateral or such other deductions from the cash flows resulting from the operation and liquidation of the asset as are appropriate. For most real estate collateral subject to the judicial foreclosure process, we generally apply a 10.0% deduction to the value of the asset to determine the expected costs to sell the asset. This estimate includes one year of real estate taxes, sales commissions and miscellaneous repair and closing costs. If we receive a purchase offer that requires unbudgeted repairs, or if the expected resolution period for the asset exceeds one year, we then include, on a case-by-case basis, the costs of the additional real estate taxes and repairs and any other material holding costs in the expected costs to sell the collateral. For OREO, we generally apply a 7.0% deduction to determine the expected costs to sell, as expenses for real estate taxes and repairs are expensed when incurred.

## Nonperforming Assets Summary

The following table sets forth the amounts and categories of our nonperforming loans and nonperforming assets.

	June 30, 2021	March 31, 2021	December 31, 2020	Quarter Change	Six-Month Change
(Dollars in thousands)					
<b>Nonaccrual loans:</b>					
One-to-four family residential real estate	\$ 588	\$ 384	\$ 925	\$ 204	\$ (337)
Nonresidential real estate	296	296	296	—	—
Nonperforming loans	884	680	1,221	204	(337)
Other real estate owned:					
One-to-four family residential real estate	335	695	157	(360)	178
Nonresidential real estate	140	170	—	(30)	140
Other real estate owned	475	865	157	(390)	318
Other foreclosed assets	1,227	3,765	—	(2,538)	1,227
<b>Total nonperforming assets</b>	<b>\$ 2,586</b>	<b>\$ 5,310</b>	<b>\$ 1,378</b>	<b>\$ (2,724)</b>	<b>\$ 1,208</b>
<b>Ratios:</b>					
Nonperforming loans to total loans	0.09%	0.07%	0.12%		
Nonperforming assets to total assets	0.16	0.33	0.09		

## Nonperforming Assets

Nonperforming assets increased \$1.2 million to \$2.6 million at June 30, 2021, net of additions and sales of foreclosed collateral during the first half of 2021. In the second quarter of 2021, we redeemed and sold \$2.7 million of collateral repossessed related to a \$4.3 million previously classified Chicago commercial loan. Two residential loans with a total book balance of \$128,000 were transferred from nonaccrual loans to OREO during the six months ended June 30, 2021. We continue to experience modest quantities of defaults on residential real estate loans principally due either to the borrower's personal financial condition or deteriorated collateral value.

## Liquidity and Capital Resources

**Liquidity.** The overall objective of our liquidity management is to ensure the availability of sufficient cash funds to meet all financial commitments and to take advantage of investment opportunities. We manage liquidity in order to meet deposit withdrawals on demand or at contractual maturity, to repay borrowings as they mature, and to fund new loans and investments as opportunities arise.

Our primary sources of funds are deposits, principal and interest payments on loans and securities, and, to a lesser extent, wholesale borrowings, the proceeds from maturing securities and short-term investments, the sales of loans and securities and lease payments. The scheduled amortization of loans and securities, as well as proceeds from borrowings, are predictable sources of funds. Other funding sources, however, such as deposit inflows, mortgage prepayments and mortgage loan sales are greatly influenced by market interest rates, economic conditions and competition. We anticipate that we will have sufficient funds available to meet current loan commitments and lines of credit and maturing certificates of deposit that are not renewed or extended. We generally remain fully invested and utilize FHLB advances as an additional source of funds. We had \$5.0 million of FHLB advances outstanding at June 30, 2021 and \$4.0 million at December 31, 2020.

The Company is a separate legal entity from BankFinancial, NA. The Company must provide for its own liquidity to pay any dividends to its stockholders and to repurchase shares of its common stock, and for other corporate purposes. The Company's primary source of liquidity is dividend payments it receives from the Bank. The Bank's ability to pay dividends to the Company is subject to regulatory limitations. The Company completed the issuance of \$20.0 million of Subordinated Notes in April 2021, at a rate of 3.75%, maturing on May 15, 2031. At June 30, 2021, the Company (on an unconsolidated, stand-alone basis) had liquid assets of \$19.0 million. In 2020, the Company obtained a \$5.0 million unsecured line of credit with a correspondent bank to provide a secondary source of liquidity. Interest is payable at a rate of Prime rate minus 0.75%. The line of credit will mature on March 31, 2022. The line of credit had no outstanding balance at June 30, 2021.

As of June 30, 2021, we were not aware of any known trends, events or uncertainties that had or were reasonably likely to have a material adverse impact on our liquidity. As of June 30, 2021, we had no other material commitments for capital expenditures.

**Capital Management - Bank.** The overall objectives of our capital management are to ensure the availability of sufficient capital to support loan, deposit and other asset and liability growth opportunities and to maintain sufficient capital to absorb unforeseen losses or write-downs that are inherent in the business risks associated with the banking industry. We seek to balance the need for higher capital levels to address such unforeseen risks and the goal to achieve an adequate return on the capital invested by our stockholders.

The Bank is subject to regulatory capital requirements administered by the federal banking agencies. The capital adequacy guidelines and prompt corrective action regulations, involve the quantitative measurement of assets, liabilities, and certain off-balance-sheet items calculated under regulatory accounting practices. Capital amounts and classifications are also subject to qualitative judgments by regulators. The failure to meet minimum capital requirements can result in regulatory actions. The final rules implementing Basel Committee on Banking Supervision's capital guidelines for U.S. banks (Basel III rules) became effective in 2015. The net unrealized gain or loss on available-for-sale securities is not included in computing regulatory capital.

In addition, as a result of the legislation, the federal banking agencies developed a "Community Bank Leverage Ratio" (the ratio of a bank's tangible equity capital to average total consolidated assets) for financial institutions with assets of less than \$10 billion. A "qualifying community bank" that exceeds this ratio will be deemed to be in compliance with all other capital and leverage requirements, including the capital requirements to be considered "well capitalized" under Prompt Corrective Action statutes. The federal banking agencies may consider a financial institution's risk profile when evaluating whether it qualifies as a community bank for purposes of the capital ratio requirement. The federal banking agencies must set the minimum capital for the new Community Bank Leverage Ratio at not less than 8% and not more than 10%. Beginning in the second quarter 2020 and until the end of 2020, a banking organization that had a leverage ratio of 8% or greater and met certain other criteria could elect to use the Community Bank Leverage Ratio framework; and qualifying community banks will have until January 1, 2022, before the Community Bank Leverage Ratio requirement is re-established at greater than 9%. Pursuant to Section 4012 of the CARES Act and related interim final rules, the Community Bank Leverage Ratio is 8.5% for calendar year 2021, and 9% thereafter. A financial institution can elect to be subject to this new definition, and opt-out of this new definition, at any time. As a qualifying community bank, we elected to be subject to this definition beginning in the second quarter of 2020. As of June 30, 2021, the Bank's Community Bank Leverage Ratio was 10.03%.

Prompt corrective action regulations provide five classifications: well-capitalized, adequately capitalized, undercapitalized, significantly undercapitalized, and critically undercapitalized, although these terms are not used to represent overall financial condition. If only adequately capitalized, regulatory approval is required to accept brokered deposits. If undercapitalized, capital distributions are limited, as is asset growth and expansion, and capital restoration plans are required.

The Company and the Bank have each adopted Regulatory Capital Plans that require the Bank to maintain a Tier 1 leverage ratio of at least 7.5% and a total risk-based capital ratio of at least 10.5%. The minimum capital ratios set forth in the Regulatory Capital Plans will be increased and other minimum capital requirements will be established if and as necessary. In accordance with the Regulatory Capital Plans, the Bank will not pursue any acquisition or growth opportunity, declare any dividend or conduct any stock repurchase that would cause the Bank's total risk-based capital ratio and/or its Tier 1 leverage ratio to fall below the established minimum capital levels or the capital levels required for capital adequacy plus the capital conservation buffer ("CCB"). The minimum CCB is 2.5%.

As of June 30, 2021, the Bank was well-capitalized, with all capital ratios exceeding the well-capitalized requirement. There are no conditions or events that management believes have changed the Bank's prompt corrective action capitalization category.

The Bank is subject to regulatory restrictions on the amount of dividends it may declare and pay to the Company without prior regulatory approval, and to regulatory notification requirements for dividends that do not require prior regulatory approval.

Actual and required capital amounts and ratios for the Bank were:

	Actual		Required for Capital Adequacy Purposes	
	Amount	Ratio	Amount	Ratio
(Dollars in thousands)				
<b>June 30, 2021</b>				
Community Bank Leverage Ratio	\$ 164,471	10.03%	\$ 139,351	8.50%
<b>December 31, 2020</b>				
Community Bank Leverage Ratio	\$ 160,236	10.10%	\$ 126,964	8.00%

**Quarterly Cash Dividends.** The Company declared cash dividends of \$0.20 per share for both of the six months ended June 30, 2021 and June 30, 2020.

### ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURE ABOUT MARKET RISK

**Qualitative Analysis.** A significant form of market risk is interest rate risk. Interest rate risk results from timing differences in the maturity or repricing of our assets, liabilities and off balance sheet contracts (*i.e.*, forward loan commitments), the effect of loan prepayments and deposit withdrawals, the difference in the behavior of lending and funding rates arising from the use of different indices and "yield curve risk" arising from changing rate relationships across the spectrum of maturities for constant or variable credit risk investments. In addition to directly affecting net interest income, changes in market interest rates can also affect the amount of new loan originations, the ability of borrowers to repay variable rate loans, the volume of loan prepayments and refinancings, the carrying value of investment securities classified as available-for-sale and the flow and mix of deposits.

The general objective of our interest rate risk management is to determine the appropriate level of risk given our business strategy and then manage that risk in a manner that is consistent with our policy to reduce, to the extent possible, the exposure of our net interest income to changes in market interest rates. Our Asset/Liability Management Committee ("ALCO"), which consists of certain members of senior management, evaluates the interest rate risk inherent in certain assets and liabilities, our operating environment and capital and liquidity requirements, and modifies our lending, investing and deposit gathering strategies accordingly. The Board of Directors then reviews the ALCO's activities and strategies, the effect of those strategies on our net interest margin, and the effect that changes in market interest rates would have on the economic value of our loan and securities portfolios as well as the intrinsic value of our deposits and borrowings, and reports to the full Board of Directors.

We actively evaluate interest rate risk in connection with our lending, investing and deposit activities. In an effort to better manage interest rate risk, we have de-emphasized the origination of residential mortgage loans, and have increased our emphasis on the origination of nonresidential real estate loans, multi-family mortgage loans, and commercial loans and commercial leases. In addition, depending on market interest rates and our capital and liquidity position, we generally sell all or a portion of our longer-term, fixed-rate residential loans, and usually on a servicing-retained basis. Further, we primarily invest in shorter-duration securities, which generally have lower yields compared to longer-term investments. Shortening the average maturity of our interest-earning assets by increasing our investments in shorter-term loans and securities, as well as loans with variable rates of interest, helps to better match the maturities and interest rates of our assets and liabilities, thereby reducing the exposure of our net interest income to changes in market interest rates. Finally, we have classified all of our investment portfolio as available-for-sale so as to provide flexibility in liquidity management.

We utilize a combination of analyses to monitor the Bank's exposure to changes in interest rates. The economic value of equity analysis is a model that estimates the change in net portfolio value ("NPV") over a range of interest rate scenarios. NPV is the discounted present value of expected cash flows from assets, liabilities and off-balance-sheet contracts. In calculating changes in NPV, we assume estimated loan prepayment rates, reinvestment rates and deposit decay rates that seem most likely based on historical experience during prior interest rate changes.

Our net interest income analysis utilizes the data derived from the dynamic GAP analysis, described below, and applies several additional elements, including actual interest rate indices and margins, contractual limitations such as interest rate floors and caps and the U.S. Treasury yield curve as of the balance sheet date. In addition, we apply consistent parallel yield curve shifts (in both directions) to determine possible changes in net interest income if the theoretical yield curve shifts occurred instantaneously. Net interest income analysis also adjusts the dynamic GAP repricing analysis based on changes in prepayment rates resulting from the parallel yield curve shifts.

Our dynamic GAP analysis determines the relative balance between the repricing of assets and liabilities over multiple periods of time (ranging from overnight to five years). Dynamic GAP analysis includes expected cash flows from loans and mortgage-backed securities, applying prepayment rates based on the differential between the current interest rate and the market interest rate for each loan and security type. This analysis identifies mismatches in the timing of asset and liability repricing but does not necessarily provide an accurate indicator of interest rate risk because it omits the factors incorporated into the net interest income analysis.

**Quantitative Analysis.** The following table sets forth, as of June 30, 2021, the estimated changes in the Bank's NPV and net interest income that would result from the designated instantaneous parallel shift in the U.S. Treasury yield curve. Computations of prospective effects of hypothetical interest rate changes are based on numerous assumptions including relative levels of market interest rates, loan prepayments and deposit decay, and should not be relied upon as indicative of actual results.

Change in Interest Rates (basis points)	Estimated Increase (Decrease) in NPV		Increase (Decrease) in Estimated Net Interest Income	
	Amount	Percent	Amount	Percent
	(Dollars in thousands)			
+400	\$ 13,565	6.96%	\$ 13,706	33.03%
+300	13,777	7.07	10,478	25.25
+200	9,909	5.08	6,978	16.82
+100	3,331	1.71	3,378	8.14
0				
-25	(5,471)	(2.81)	(174)	(0.42)

The table set forth above indicates that at June 30, 2021, in the event of an immediate 25 basis point decrease in interest rates, the Bank would be expected to experience a 2.81% decrease in NPV and a \$174,000 decrease in net interest income. In the event of an immediate 200 basis point increase in interest rates, the Bank would be expected to experience a 5.08% increase in NPV and a \$7.0 million increase in net interest income. This data does not reflect any actions that we may undertake in response to changes in interest rates, such as changes in rates paid on certain deposit accounts based on local competitive factors, which could reduce the actual impact on NPV and net interest income, if any.

Certain shortcomings are inherent in the methodology used in the above interest rate risk measurements. Modeling changes in NPV and net interest income requires that we make certain assumptions that may or may not reflect the manner in which actual yields and costs respond to changes in market interest rates. The NPV and net interest income table presented above assumes that the composition of our interest-rate-sensitive assets and liabilities existing at the beginning of a period remains constant over the period being measured and, accordingly, the data does not reflect any actions that we may undertake in response to changes in interest rates, such as changes in rates paid on certain deposit accounts based on local competitive factors. The table also assumes that a particular change in interest rates is reflected uniformly across the yield curve regardless of the duration to maturity or the repricing characteristics of specific assets and liabilities. Because of the shortcomings mentioned above, management considers many additional factors such as projected changes in loan and deposit balances and various projected forward interest rate scenarios when evaluating strategies for managing interest rate risk. Accordingly, although the NPV and net interest income table provides an indication of our sensitivity to interest rate changes at a particular point in time, such measurements are not intended to and do not provide a precise forecast of the effect of changes in market interest rates on our net interest income and will differ from actual results.

#### ITEM 4. CONTROLS AND PROCEDURES

An evaluation was performed under the supervision and with the participation of the Company's management, including the Chairman, Chief Executive Officer and President and the Executive Vice President and Chief Financial Officer, of the effectiveness of the design and operation of the Company's disclosure controls and procedures (as defined in Rule 13a-15(e) promulgated under the Securities and Exchange Act of 1934, as amended) as of June 30, 2021. Based on that evaluation, the Company's management, including the Chairman, Chief Executive Officer, and President and the Executive Vice President and Chief Financial Officer, concluded that the Company's disclosure controls and procedures were effective.

During the quarter ended June 30, 2021, there have been no changes in the Company's internal control over financial reporting that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

**PART II****ITEM 1. LEGAL PROCEEDINGS**

The Company and its subsidiaries are subject to various legal actions arising in the normal course of business. In the opinion of management, based on currently available information, the resolution of these legal actions is not expected to have a material adverse effect on the Company's financial condition or results of operations

**ITEM 1A. RISK FACTORS**

There have been no material changes to the risk factors previously disclosed in the Company's filings with the Securities and Exchange Commission.

**ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS**

- (a) **Unregistered Sale of Equity Securities.** Not applicable.
- (b) **Use of Proceeds.** Not applicable.
- (c) **Repurchases of Equity Securities.**

The following table sets forth information in connection with purchases of our common stock made by, or, on behalf of us, during the second quarter of 2021.

Period	Total Number of Shares Purchased	Average Price Paid per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs	Maximum Number of Shares that May Yet be Purchased under the Plans or Programs
April 1, 2021 through April 30, 2021	59,766	\$ 10.37	59,766	478,392
May 1, 2021 through May 31, 2021	226,936	10.64	226,936	251,456
June 1, 2021 through June 30, 2021	218,237	11.03	218,237	933,219
	504,939		504,939	

As of June 30, 2021, the Company had repurchased 6,427,536 shares of its common stock out of the 7,360,755 shares of common stock authorized under the current share repurchase authorization approved on March 30, 2015. Pursuant to the share repurchase authorization, as of June 30, 2021, there were 933,219 shares of common stock authorized for repurchase. On April 19, 2021, the Board extended the expiration of the Company's share repurchase authorization from April 30, 2021 to November 15, 2021, and increased the total number of shares currently authorized for repurchase by 250,000 shares. On June 24, 2021, the Board increased the number of shares currently authorized for repurchase by 900,000 shares.

**Certification of Chief Executive Officer**  
**Pursuant to Section 302 of the Sarbanes-Oxley Act of 2002**

I, F. Morgan Gasior, certify that:

- 1) I have reviewed this quarterly report on Form 10-Q of BankFinancial Corporation;
- 2) Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
- 3) Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
- 4) The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
  - a) designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - b) designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - c) evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - d) disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
- 5) The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
  - a) all significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
  - b) any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
